IRL Media by OUTFRONT

We Build Brands in the Real World

THE POWER TO MOVE *Hearts.
Minds.
Metrics.*

Real life moves people.

It moves hearts. It moves minds. It moves culture.
And it moves business.

That's the power of IRL media.

IRL media is where brands become part of people's everyday lives. It builds trust and credibility by showing up in the shared places where we live, work, play, and celebrate — **turning physical spaces into meaningful moments** that people experience, remember, and share.

It's **bold, immersive brand experiences**. Fan zones. Activations. Stadiums. Drone shows. Augmented reality. It's every opportunity for brands to show up in the real world with creativity, relevance, and impact.

At OUTFRONT, we're known for helping brands harness the power of the real world. By combining iconic media, breakthrough creative, data-driven intelligence, and innovative technology, we create IRL experiences that **build trust, shape culture, and drive measurable results**.

Because when brands show up where life happens, they don't just capture attention, they create connection. They don't just reach audiences, they move them.

That's the power to move.

The power to move hearts.
The power to move minds.
The power to move metrics.

OUTFRONT. The power to move.

Why IRL? *Why OUTFRONT?*

Premium Places & Platforms

Everywhere You Want to Be.

OUTFRONT ensures that each media placement we invest in is premium. From Times Square to the Sunset Strip (and everywhere in between), our iconic inventory puts brands at the center of culture, surrounding tentpole moments like Coachella, the Super Bowl, and more. Across the top 50 markets, our network spans sought-after urban centers, busy suburban highways, and bustling transit systems that deliver attentive audiences at scale as they live their lives.

Immersive Creative

The World Is Your Canvas.

There are some things you simply can't do on a screen alone. And that's the beauty of IRL media! It's not just another rectangle. Instead, the whole environment surrounding an ad canvas can become a part of the experience. From brand activations to station dominations, from 3D props to special effects, this is the channel where imagination comes to life and people can't help but share.

Strategic Storytelling

For Brands That Think Bigger.

What does a breakthrough brand experience look like? That depends on the brand. When it comes to creating connection, there's no such thing as one-size-fits-all. Thankfully, the in-house strategists and creative experts of our Brand Solutions team bring with them fresh ideas and untapped opportunities to help advertisers of all kinds achieve their goals.

Real-Time Digital

Cutting-Edge Capabilities.

Digital out of home combines the scale and impact of IRL media with the flexibility and speed-to-market of digital marketing. Start with sophisticated audience targeting. Reach that audience with dynamic creative to maximize the impact of every impression. IRL campaigns can even incorporate future-forward elements like augmented reality, AI interactions, and shareworthy 3D creative.

Trends Shaping *IRL Media*

Destination Media

Brand Experiences Worth Traveling For

The best IRL experiences aren't just seen, they're sought out. Brands are transforming media assets into destinations people visit, capture, and share, generating influence far beyond their physical footprint.

Examples: Immersive installations, iconic takeovers, experiential billboards, branded public spaces

Amplifying Voices & Moments

Media That Moves With Culture

IRL media connects brands to the moments, communities, and passions already shaping culture. From sporting events and music festivals to creators and fandoms, brands participate in a way that feels authentic, organic, and fun - rather than intrusive or unearned.

Examples: Sports moments, fan activations, concert and festival takeovers, creator-led experiences

Breaking The Board

Creativity Without Boundaries

Most advertising formats are containers for creativity. But when an idea is too big to fit in a box, that's when IRL media really stands out. Through 3D creative, architectural integrations, and physical storytelling, the medium becomes part of the message. Showstopping and widely shared.

Examples: 3D billboards, custom extensions, building wraps, installations, environmental takeovers

Interactive IRL

Where Audiences Become Participants

Advertising is no longer a one-way experience. Interactive IRL is a real-world portal to a brand's digital world. Through technology and real-time engagement, audiences can interact with, personalize, and influence what unfolds around them.

Examples: AR activations, QR experiences, AI-powered interactions, real-time personalization

Interactive IRL Experiences

Our **Interactive IRL** experiences include:

- **OUTFRONT XTend**, geospatial data-powered augmented reality experiences that transform the real world into a brand's playground
- **OUTFRONT QRad**, responsive QR codes that let an ad's viewers control its content
- **OUTFRONT XScape**, 3D digital creative that leaps off the screen and onto your social media feed.
- **OUTFRONT XPress**, dynamic digital out of home creative that delivers real-time relevance
- **Crowd Created**, a live Snapchat AR experience that marries IRL media with augmented reality to project visitors onto billboards in real time.

IRL Media *Builds Trust*

It's getting harder every day to trust what you see. In these artificial times, people hunger for the real, and IRL media delivers. Its physical presence communicates what pixels alone cannot: that you are for real, that you're serious about what you do and that you're committed to the communities you serve.

IRL media is the **most trusted (72%)** and the **most credible (75%)** of all media formats.

Four in ten view brands advertising in real life as **a signal of confidence and legitimacy**.

That's why including IRL media in a media plan **boosts trust for 53%**.

IRL Media *Shapes Culture*

When was the last time you saw a banner ad on your Instagram feed? Probably never.

Most ads stay where you put them. But IRL media is bigger than the canvases that contain it. From innovative creative to immersive activations, this is a channel meant for mainstream crossover and viral reach. No other medium puts brands closer to the beating heart of cultural touchstones like music festivals and sporting events.

IRL Media *Drives Results*

No matter the goal, IRL media delivers measurable brand and business outcomes. It's so much more than a brand awareness supercharger. Savvy agencies and media buyers also use billboards and transit media to launch products, amplify messages, convert customers, and sustain brands.

Launch

There's no better way to introduce yourself to the world than an IRL ad campaign. Because when you do, the whole world takes notice. Tell your brand story in real life, see it resonate, and watch your customers find you.

Measurement Solutions

Footfall

The power to move feet. Did someone see the ad, and then visit the advertiser's physical location? That's the question answered by footfall studies. Popular with QSRs, auto dealers, and retailers.

Average measured lift: **+216%**

Sales Lift

The power to move merchandise. Did the campaign improve sales? Whether online or in-store, IRL media can make a direct, measurable impact on the bottom line. Popular among CPG and pharma brands.

Brand Lift

The power to move hearts. Did your IRL campaign make your brand more beloved? We can measure critical KPIs like awareness, consideration, intent, and brand affinity.

Average measured lifts: +36% unaided brand awareness, +26% brand opinion, +20% consideration, +21% purchase intent

Tune-In

The power to move eyes. Were those who saw the ads more likely to watch the show advertised? IRL media can lift viewership for both streaming and broadcast television.

Website Visitation

The power to move minds. Did the campaign increase web traffic? IRL media creates the curiosity that powers search and social engagement - and improves mobile CTRs too.

Average measured lift: **+176%**

App Download

The power to move charts. Did the ads drive app downloads and in-app activity? IRL media establishes digital-first brands in the real world, offering the most direct pathway from real-world interest to the App Store.

IRL Media Is First Impression, *Then Force Multiplier*

IRL is the secret sauce that makes everything taste better. It serves as a force multiplier, maximizing the ROI out of any ad format it's paired with. IRL media creates the curiosity that makes consumers take the next step.

High favorability means a good first impression when consumers encounter an ad in real life. Then, when the campaign retargets the consumer digitally, they recognize the advertiser, remember that first IRL impression, and thus are more likely to engage.

Last-touch attribution models understate IRL media's impact - but when it's measured, it's unmissable.

Adding IRL media to a TV campaign makes it **61% more likely to improve customer acquisition, 34% more likely to improve market share, and 23% more likely to improve profit***.

Social Amplification

From IRL to URL

IRL media is **timely, unmissable, and culturally relevant**. It reaches and resonates; the audience engages and amplifies. And then you see it scrolling down your social feed.

Maybe it's your favorite creator partnering with your favorite brand on a billboard. Sometimes it's a subway ad that deliberately provokes an emotional response. And once in a while, it's a cryptic inside joke that only makes sense to its intended audience.

IRL media does more than challenge advertisers to show up in the world differently. It rewards those that do. Compared to other ad mediums, it's proven to drive **7x more social posts, 6.5x more video posts, and 5.9x more social searches**, dollar for dollar.

Whatever the reason an IRL ad shows up on your timeline, it's a reminder that physical presence is more compelling than a screen, while still compelling on one.
