We calculate the length of the delay by counting the number of hours between your original scheduled arrival time and the actual arrival time of your baggage.

- We will treat items that are a pair or a set as one item for the purpose of this benefit, and only one amount will be payable for the pair or set.

- you buy a policy with a coverage start date that begins after you would have departed from Singapore;
- you buy a policy after you have departed from Singapore; or
- your period of insurance does not coincide with the departure and arrival date of your original trip itinerary.

If any of the above happens, we won't pay any claims. We will refund any premium you have paid, less any administrative expenses incurred by us.

When your policy ends

Your policy (and cover) ends on the earliest of the following dates:

- the coverage end date;
- 14 days after your return to Singapore;
- 90 days after your trip started (if you have an annual trip plan); or
- the date your policy is cancelled by other terms and conditions of this policy.

Starting or ending your policy

Your right to cancel

You can cancel your policy any time before the policy starts and we will refund any premium you have paid, less any administrative expenses incurred by us.

You cannot cancel or shorten a single trip policy after the cover has started or if you have made a claim.

Cancelling an annual trip policy

We will refund a part of your premium as shown in the following table:

However, we will not refund anything if there are any benefits payable under your policy or if the premium refund amount is less than S\$25.

We may cancel your policy by giving you 7 days' notice in writing.

If we cancel your policy, we will send the notice to the postal address we received from you. We will refund the pro-rata premium you have paid for any period after the date we cancel.

You will still be able to claim a benefit for an event that happened before we cancelled the policy.
