FINAL: MARCH 15, 2026

The first Two-Hundred (200) Players to accumulate 180 Hours or more of Rated Poker Play and sign up for a tournament assignment during the time period of November 1, 2025 through January 31, 2026 will receive one (1) non-transferable entry into our **\$100,000 Freeroll Tournament**.

TOURNAMENT RULES:

- No Limit Texas Hold'em "Shootout"
- The remaining ten (10) players from each freeroll tournament will advance to the "Final" tournament day. The final tournament will consist of forty (40) players.
- Freeroll tournaments will begin at level 1 and continue until 2 players remain at each table in each session. The remaining players from all four freeroll tournaments will continue to the final tournament held on March 15, 2026, with the same chip count they ended with.
- The final tournament tables will be consolidated through the standard balancing rules. (The shootout format will not take place for the final tournament)
- Blind levels will continue on the final tournament from the lowest level reached from the freeroll tournaments.
 - All freeroll tournament assignments will be based on a first come first serve basis. Once a player qualifies with the required hours, this player may then sign up for their preferred tournament date
 - Once two hundred (200) players qualify and sign up for their tournament assignment, any additional player that accumulates 180 hours can enter the tournament as an alternate player
- Alternate players can only enter the tournament if a player fails to show for their designated tournament date.
- Players will begin with anywhere from \$8,000 to \$12,000 in tournament chips based of hours accrued.
 - Blind levels will be 15 minutes on qualifying days and 20 minutes on final day.
- All chips will be put into play and blinded off until the end of level 2. If they have not yet arrived at the start of level 3 their chips will be removed from play. Any unattended or abandoned stacks during the final tournament will be blinded off until gone.
- It is a player's responsibility to log into the bravo system when playing at a live cash game. Any discrepancies in hours logged must be brought to management's attention within 24 hours of the discrepancy.
 - If less than 200 players qualify, the remaining prizes will be forfeited.
- In the event multiple players get knocked out on the last hand of a qualifying day, only players with chips will move onto the final day. The player with the largest chip count at the start of the hand will receive the higher place prize money.
