*Future plans for space to be announced as property continues to evolve*

**ATLANTIC CITY, NJ (Aug. 8, 2025)** – Today, [Borgata Hotel Casino & Spa](https://www.borgata.mgmresorts.com) announced the forthcoming closure of Premier Nightclub on Sunday, Aug. 31. Since its debut in 2016, Premier has been a destination for world-class DJs, unforgettable parties and nightlife experiences that have helped define Atlantic City’s modern entertainment scene. As Borgata continues to elevate its offerings, the closure reflects the resort’s commitment to continuing to reimagine and elevate its guest experiences.

“We are incredibly grateful to our dedicated team who brought Premier’s energy to life night after night and to our loyal guests who have played a pivotal role in making the venue one of Atlantic City’s most iconic nightlife destinations,” said Niklas Rytterstrom, President & COO of Borgata. “As we bid farewell to Premier, we remain committed to evolving the nightlife experience at Borgata and look forward to sharing what’s next for the space in the months to come.”

Premier’s closure aligns with a continued evolution and recent enhancements throughout Borgata, including the reimagined B Bar, the vibrant centerpiece of the casino floor. In addition, the property completed the biggest refresh of its gaming floor to date, spanning 25,000 square feet and featuring 51 tables, five private gaming salons, a dedicated Asian gaming space, as well as a sophisticated high-limit gaming area and private bar. The Asian gaming experience was enhanced with the introduction of Noodles, a Pan-Asian dining destination renowned for its signature takes on timeless favorites. These additions reflect Borgata’s ongoing commitment to evolving its offerings and delivering elevated experiences that meet the diverse interests of its guests.
