FOCUSED
ON WHAT
MATTERS

SUSTAINABLE EVENTS

HERE, MEETINGS ARE SUSTAINABLE

Through our “Focused on What Matters: Embracing Humanity and Protecting the Planet” philosophy, MGM Resorts commits to creating a more sustainable future while striving to make a difference in the lives of our employees, guests and communities. From sourcing renewable energy from our mega solar array to our robust recycling programs, MGM Resorts has designed comprehensive solutions to help clients enhance the social and environmental benefits associated with their events.

WHAT WE DO

MGM Resorts is a leader in Earth-conscious conservation practices and is strongly committed to lessening our impact on the planet. We are proud of our efforts and are continually looking for innovative ways to further reduce waste, conserve energy and sustain our environment. Because when we look after our planet, everyone wins. Through responsible operating practices, MGM Resorts exemplifies environmental sustainability. By hosting an event at one of our properties, you are already reducing the environmental impacts of your meeting. The world's most respected companies hold their events at MGM Resorts venues. Our goal is to ensure that your attendees' experience is aligned with your business priorities and can benefit from our commitment to protecting the planet.

ENERGY

- MGM Resorts is on track to 100% renewable electricity by 2030.
- MGM Resorts Mega Solar Array provides up to 90% of daytime power needs for our Las Vegas venues.
- Reduced energy use by 23.9% per square foot since 2007.
- Installed more than 1.4 million LED lights in one of America's largest lighting retrofit projects.
- Invested tens of millions of dollars in HVAC efficiency projects.

ENVIRONMENTALLY SUSTAINABLE BUILDINGS

- Nearly all of our resorts have achieved one or more green operations certifications, including LEED, Green Key, and Green Globes for Existing Buildings.

MATERIAL DIVISION

- MGM Resorts is committed to reducing materials sent to landfills by 60% by 2025.
- Our program has diverted over 650,000 tons of materials bound for landfills since 2007.
- Over 30 disposable materials are hand sorted in our back of house to maximize impact, including food waste.

WATER RESILIENCE

- Nearly 99% of water used inside MGM Resorts destinations in Las Vegas is treated and returned to Lake Mead and the Colorado River.
- Replaced over 200,000 square feet of grass turf with drought-tolerant landscaping.
- Close to 14 billion gallons of water saved since 2007 due to conservation efforts.

FOOD DONATIONS

- Unserved catered food from conventions and events are safely donated to our communities through local partners.
- More than 3.5 million meals donated since 2016.
- Since 2007, we have diverted 280,000 tons of food material from landfills including food to charity, food to pig farms, compost, and grease to biofuel.
- Food waste is a significant focus of our sustainability program, and is aligned with the United States EPA Food Recovery Hierarchy.

WHAT YOU CAN DO

HERE, YOUR SUSTAINABILITY GOALS COME TO LIFE

We are committed to helping event planners implement more socially and environmentally sustainable events. MGM Resorts has designed a custom deck of playing cards featuring 52 sustainable event ideas aligned with the United Nations Sustainable Development Goals, highlighted on the cards, and an assessment of the likely cost impact. These ideas can be curated to reflect your company's commitment to a sustainable future.

Request water stations or reusable dishware and utensils to reduce the need for single use plastics.

Communicate and promote sustainability offerings to attendees, such as efforts to reduce food waste.

Use digital and recyclable material signage.

Use alternatives to fresh cut florals, such as succulents, to reduce waste.

Add vegetarian/vegan items to reduce carbon emissions while offering more inclusive food options.

Host sessions to educate attendees on sustainability topics, solutions and their impacts on your industry.

WHAT WE CAN DO TOGETHER

Partnering with sustainably-minded customers serves as a catalyst to drive positive change in the meetings and events industry. Together, we can be a leader in developing innovative ways to promote sustainability while attending world-class events.
