RESTAURANT DESCRIPTION

Luchini Italian Restaurant is an Italian-American concept by Tao Group Hospitality featuring a refreshing take on authentic Italian dishes with a New York twist inside MGM Grand. The 5,000-square-foot restaurant is inspired by casual Brooklyn eateries combined with the tradition of Italy, embellished with mosaic flooring, soft lighting, and colors complementary to the history of New York-Italian cuisine.

Highlighting handmade pasta, pizzas, salads, and an extensive wine collection, the refined Italian eatery offers a welcoming and lively space to enjoy. In addition to sit-down leisurely dinners, the adjacent pizza-by-the-slice shop echoes classic tri-state pizza parlors with a walk-up counter serving a variety of pizza offerings for those seeking a quick snack on the go.

PRIVATE DINING

The two private dining rooms are perfect for special occasion dinners and signature dining menus. Both rooms can be filled individually or combined to fit guests for larger occasions. The private dining rooms allow for a more intimate dining experience within the main room while sharing the atmosphere of the entire dining area.
