AT GUERLAIN, WELLNESS IS AN ART

BELLAGIO SPA BY GUERLAIN

Born from an exceptional partnership, Bellagio Spa by Guerlain brings together two icons united by a shared vision of excellence, beauty and the Art of Wellness. For the Bellagio, Guerlain has imagined a collection of exclusive, tailor-made treatments, thoughtfully designed to capture the spirit and energy of this legendary destination. Combining Guerlain's exceptional savoir-faire with Bellagio's distinctive sense of refinement, each experience becomes a unique journey, where expert gestures, sensoriality and personalization come together to create an unforgettable moment.

KNOW-HOW & DARING

Guerlain's bold vision of wellness began in 1850, when the founder of the Maison created one of the first thermal well-being centers in northern France, in Le Crotoy. This pioneering initiative began a holistic approach to beauty and care. Since the opening of its first Institute in 1939, Guerlain has continuously pushed the limits of excellence, blending audacity with precision. Each Guerlain Wellness Expert is trained in Maison's renowned protocols, mastering the gestures that have shaped the heritage of French spa artistry. Whether through our iconic facial treatments like Imperial Face Sculpt or full-body rituals that evolve with the client's needs, every treatment is a masterpiece of personalization, delivered with finesse and intuition.

THE PRODIGIOUS CHEMISTRY OF NATURE

The natural world lies at the heart of Guerlain skincare, embodied by two of its most extraordinary wonders: the orchid and the bee. Drawing from the orchid's exceptional longevity and the bee's remarkable regenerative power, Guerlain has developed a singular expertise that unites nature with innovation. Through decades of devoted research, the Maison has distilled the essence of these natural treasures, transforming their innate powers into potent rituals that regenerate, repair, and illuminate the skin. These powers are brought to life through immersive, multi-sensory experiences within the serene sanctuary of our Bellagio Spa by Guerlain.
