## Benefits of Certification:

Suppliers will have access to many benefits that are invaluable to the growth of their business:

- Company listing in national diverse databases which allow corporations to find your company when seeking diverse suppliers.
- Networking Opportunities - Expand your network with access to national organizations.
- Marketing Tools - Increase visibility among key potential business partners.
- Education and Mentoring - Learn from the experience of respected businesses through programs offered by diverse supplier organizations.
- Presentation Opportunities - Showcase your business by participating in trade fairs designed especially for that purpose
