

# ACUVUE® UNBEATEN *in comfort.\**

EYE-INSPIRED™ INNOVATIONS

**MOISTURE-INFUSED<sup>4</sup>**  
FOR HYDRATION

**INVISIBLE EDGE<sup>4</sup>**  
FOR COMFORT

**UV BLOCKING<sup>†4</sup>**  
FOR EYE HEALTH

**ANTIOXIDANTS<sup>4</sup>**  
TO SUPPORT COMFORT

**EYELID STABILISED<sup>4</sup>**  
FOR ASTIGMATISM

**PUPIL OPTIMISED<sup>4</sup>**  
FOR MULTIFOCAL VISION

IN ALL ACUVUE® CONTACT LENSES

FOR ASTIGMATISM

MULTIFOCAL

## Start with MAX

DAILY DISPOSABLES

**OPTIMUM**

SPHERE MULTIFOCAL TORIC MULTIFOCAL TORIC

Great for patients who want to experience our **New Era** of **visual** and **physical comfort**.

**OptiBlue™ Light Filter<sup>‡</sup>**  
reduces light scatter, halos and starbursts.<sup>§5,6</sup>

**TearStable™ Technology** prolongs tear film stability.<sup>||5,6</sup>

**ADVANCED**

SPHERE TORIC

Great for patients who want **excellent performance<sup>7,8</sup>** and unbeaten comfort\* with ease of handling<sup>9,10</sup>

**HydraLuxe® Technology**, wetting agent built into the lens to help stabilise the tear film.<sup>11,12</sup>

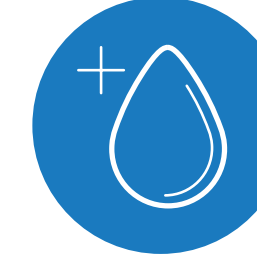

**High level of vision performance** across demanding environments,<sup>11</sup> even when using digital screens.<sup>9</sup>

**CLASSIC**

SPHERE TORIC MULTIFOCAL

Great for patients who want a **reliable experience** at a great value.<sup>#</sup>

**LACREON® Technology**, a locked in wetting agent that provides a long-lasting cushion of moisture. Keeping moisture in and inflammation out.<sup>17</sup>

REUSABLE

SPHERE TORIC MULTIFOCAL

Great for patients who want to experience the **excellent performance** of the ACUVUE® OASYS Family in a 2-week modality.<sup>†14,15</sup>

**HYDRACLEAR® PLUS Technology**, a wetting agent, is embedded throughout the lens.<sup>12,16</sup>

**Reduced dryness symptoms** caused by staring at digital screens.<sup>12,16</sup>

\* ACUVUE® Brand families of contact lenses with Unbeaten in Comfort Claims: ACUVUE® OASYS (including daily disposable families), 1-DAY ACUVUE® MOIST (within the category of hydrogel daily disposable), and ACUVUE® VITA™.<sup>1-3</sup>

† All ACUVUE® Contact Lenses have Class 1 or Class 2 UV-blocking to help provide protection against transmission of harmful UV radiation to the cornea and into the eye. UV-absorbing contact lenses are NOT substitutes for protective UV-absorbing eyewear such as UV-absorbing goggles or sunglasses because they do not completely cover the eye and surrounding area. UV transmission measured with -1.00 lens.

‡ Filtering of HEV light by contact lenses has not been demonstrated to confer any systemic and/or ocular health benefit to the user. The Eye Care Professional should be consulted for more information.

§ Versus ACUVUE® OASYS 1-Day.

|| More wearers achieved a visual tear break up time ≥ 10 seconds versus ACUVUE® OASYS 1-Day.

†† ClinicalTrials.gov is a website maintained by the NIH. The 22 clinical studies evaluated subjective comfort as a primary or secondary endpoint for ACUVUE® OASYS Brand 2-week family contact lenses vs. competitors' products. Review conducted as of April 30, 2026.

# ClinicalTrials.gov is a website maintained by the NIH. The 14 clinical studies evaluated subjective comfort as a primary or secondary endpoint for 1-DAY ACUVUE® MOIST Brand family (spherical, astigmatism, and multifocal) contact lenses vs. competitors' products. Review conducted as of 2025 April 30, 2026.
