

# SAFETY ADVISORY

## CHICCO KEYFIT 30 INFANT CAR SEATS

On August 10, 2018, Artsana Group issued a voluntary Safety Advisory in Canada in conjunction with Transport Canada concerning certain Keyfit 30 Infant car seats. Further information pertaining to the Advisory that is being issued in Canada can be found on Transport Canada's website at [www.tc.gc.ca/eng/motorvehiclesafety/safedrivers-childsafety-notices-menu-907.htm](http://www.tc.gc.ca/eng/motorvehiclesafety/safedrivers-childsafety-notices-menu-907.htm)

In Canada, this Safety advisory affects the following models:

Model #	Description	Date of Manufacture

7976151	Bravo KF30 Travel System Orion	2016/05/07 to 2018/04/11
57976151	Bravo KF30 Travel System Indigo	2018/04/27

Seats manufactured **outside** of these dates are compliant and are excluded from this action.

**DEFECT:** Certain infant car seat do not meet the injury criterion limits as established by the Canadian Motor vehicle safety standard (CMVSS) 213.1. If a collision occurs, there is a potential risk of injury to a child occupant as this specific car seat and base combination does not appear to adequately protect the occupant.

In Canada, 45,095 of these Chicco car seats were sold between February 2014 and May 2018.

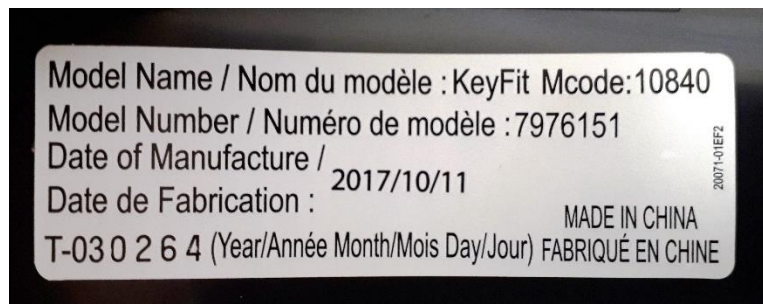

**REMEDY:** All registered owners will receive a letter containing instructions and information on how to obtain a repair kit for their affected products. The repair kit as well as instructions will be sent to affected consumers who register online at [www.chicco.ca/en/safety-advisories](http://www.chicco.ca/en/safety-advisories).

Non-registered owners, or owners who have moved, should contact Elfe Juvenile Products, at **1-800-667-8184** or [service@chicco.ca](mailto:service@chicco.ca) to obtain a free repair kit or, if they have any questions.

Consumers can also obtain information or register online for a free repair kit at: [www.chicco.ca/en/safety-advisories](http://www.chicco.ca/en/safety-advisories).

While consumers are awaiting their repair kit, it is recommended that users install their seat using the universal anchorage system (UAS), lap only portion of the vehicle seat, or without the base to reduce the risk of injury in the event of a vehicle collision. The repair kits will be available to consumers on August 10, 2018.

The model number, model name and date of manufacture can be found on the underside of the car seat. A typical label looks like this:

Sincerely,  
Elfe Juvenile Products.

Post until November 2018
