This recall is being initiated because the affected products may contain trace amounts of Chloramphenicol, an antibiotic. There are no adverse reaction reports or complaints associated with these lots. However, the risk classification associated with these products is Type I, which is a situation in which the products may pose serious health risks to consumers.

**PLEASE IMMEDIATELY STOP ALL SALE OR DISTRIBUTION OF THESE LOT NUMBERS. Please also advise your customers of this recall as they must return product that has the above listed lot numbers to you.**

**Please inspect your inventory immediately to determine whether you have any of the above products. Please complete the attached form and fax or e-mail the form to:**

**Colin Watson at Fax # 1-866-303-3094 or [colin.watson@valeant.com](mailto:colin.watson@valeant.com)**

**Promptly return the above products using one of the following options:**

Option # 1: Ship product directly to the address below.

**Attn: Colin Watson  
Valeant Canada Consumer Products  
35 Fulton Way, Richmond Hill, Ontario, L4B 2N4**

Option # 2: Return product to your preferred wholesaler who will then return the product to Valeant Canada Consumer Products.

**In all cases, please quote QC101913 as the return authorization # for the returns.**

You will be reimbursed for all postage and will be issued a credit for returned product.

This recall is being made with the knowledge of Health Canada.

We thank you for your continued support. If you have any questions please do not hesitate to contact me.

Sincerely,

Colin Watson  
Director, Quality Assurance and Regulatory Affairs
