

2024 BIG TEN MEN'S SOCCER MEDIA GUIDE

BIG LIFE. BIG STAGE. BIG TEN.

MEDIA INFORMATION

Dear media member:

Welcome to the 2024-25 men's soccer season! The Big Ten Conference would like to thank those media members who have covered Big Ten men's soccer over the years and would like to welcome those new to our conference. This media guide is intended to assist in the media's coverage of Big Ten men's soccer.

As always, please feel free to contact us if you have any questions or need assistance. We look forward to working with you this season!

COMMUNICATIONS SERVICES

Statistics and standings for Big Ten men's soccer are available online at bigten.org.

Social Media

For real-time updates, follow us on Twitter [@BigTen/](https://twitter.com/BigTen)[@B1GSoccer](https://twitter.com/B1GSoccer) or Instagram [@bigten/](https://www.instagram.com/bigten)[@B1GSoccer](https://www.instagram.com/B1GSoccer). You can also become an online fan of the Big Ten by searching "[Big Ten Conference](https://www.facebook.com/BigTenConference)" from your Facebook page.

E-mail Service

Information on Big Ten men's soccer will be emailed throughout the year to accredited media members. The Big Ten and its member schools utilize a media email list website that requires media members to fill out an application online to receive media emails. Once the information is submitted, media members can control and adjust their own accounts to receive only the information they need. Media members may also remove themselves from the media email list if necessary. For the media email list website address, contact David Howell at the Big Ten Communications office.

Weekly Awards

Big Ten Men's Soccer Players of the Week are selected in four categories: offensive player, defensive player, goaltender, and freshman. Award winners are chosen by a vote of the Big Ten Communications staff from nominations supplied by the schools' communications offices. The Big Ten office will announce weekly men's soccer award winners on Tuesdays.

Postseason Awards

In men's soccer, coaches choose All-Conference teams (first and second) and an All-Freshman Team. The Big Ten will also hand out six individual awards based on votes from coaches. A full list of the awards can be found on page 5 of this media guide. The Big Ten Medal of Honor is awarded to one male and female student from each graduating class and recognizes both academic and athletic success. The Big Ten also names one Sportsmanship Award honoree from each institution. These students become candidates for the Big Ten Outstanding Sportsmanship Award, as the conference honors one male and one female from each institution at the end of the school year. Academic All-Big Ten teams are named for every sport. The teams are composed of all letterwinners who are in at least their second academic year at their institution and carry a cumulative grade-point average (GPA) of 3.0 or higher. The conference office also presents the Distinguished Scholar Award at the end of each academic year. Students eligible for the Distinguished Scholar Award must be letterwinners in at least their second year in residence at their institution. Qualifying students must have earned a GPA of 3.7 or higher for the current academic year, excluding summer school.

BIG TEN CONFERENCE

The Big Ten Conference ushers in a new era for its 129th year of competition in 2024-25 as membership grows to 18 institutions with the addition of the University of Oregon, the University of Washington, the University of California, Los Angeles (UCLA) and the University of Southern California (USC) on August 2, 2024.

Known as one of intercollegiate sports' most successful undertakings, the Big Ten is home to a lineage of legendary names and an ongoing tradition of developing strong leaders. Even in its infancy, the conference established itself as the preeminent collection of institutions in the nation, where the pursuit of academic excellence prevailed as the definitive goal.

The history of the Big Ten traces back to the Palmer House hotel in Chicago, where on January 11, 1895, then-Purdue president James H. Smart and leaders from the University of Chicago, University of Illinois, University of Michigan, University of Minnesota, Northwestern University and University of Wisconsin set out to organize and develop principles for the regulation of intercollegiate athletics.

At that meeting, a blueprint for the administration of college athletics under the direction of appointed faculty representatives was outlined. The presidents' first known action "restricted eligibility for athletics to bonafide, full-time students who were not delinquent in their studies." That important legislation, along with other legislation that would follow in the coming years, served as the primary building block for intercollegiate athletics.

On February 8, 1896, one faculty member from each of those seven universities met at the same Palmer House and officially established the mechanics of the conference, which was officially incorporated as the "Intercollegiate Conference Athletic Association" in 1905.

Indiana University and the State University of Iowa became the eighth and ninth members in 1899. In 1908, Michigan briefly withdrew its membership, and in 1912 Ohio State University joined the conference, bringing its membership total back to nine. Upon Michigan's return in 1917, the conference was first referred to as the "Big Ten" by media members, and that name was eventually incorporated in 1987.

As the 1900s opened, faculty representatives established rules for intercollegiate athletics that were novel for the time. As early as 1904, the faculty approved legislation that required eligible athletes to meet entrance requirements and to have completed a full year's work, along with having one year of residence.

In 1901, the first Big Ten Championship event was staged when the outdoor track and field championships were held at the University of Chicago. The debut event marked what is now a staple of conference competition. Today, the Big Ten sponsors 28 official sports, 14 for men and 14 for women, including the addition of men's ice hockey and men's and women's lacrosse over the last four years. Big Ten schools compete in a total of 42 different sports, furthering the conference's commitment to broad-based programming and providing more participation opportunities than any conference in the country.

One of the conference's proudest traditions began in 1902 when Michigan took on Stanford in the Rose Bowl, the nation's first bowl game. Big Ten teams only appeared in Pasadena twice before the conference signed an exclusive contract with the Tournament of Roses in 1946, making it the first bowl game with permanent conference affiliations. Michigan's appearance in 1902 cultivated an enduring relationship that has featured 73 appearances by Big Ten programs, most recently in 2023 when Penn State defeated Utah, 35-21.

Coupling the academic goals set forth by the leaders of the charter members of the conference and their steadfast commitment to athletics, the conference instituted the Big Ten Medal of Honor in 1915. It is awarded annually by each conference institution to a student of the graduating class who has attained the greatest proficiency in scholarship and athletics. For more than 100 years, it has been the most prestigious honor a student competing in Big Ten athletics can receive.

In 1922, Major John L. Griffith became the conference's first "Commissioner of Athletics." Griffith was the first of seven men to assume the role of commissioner in the conference's history, followed by Kenneth L. "Tug" Wilson in 1945, Bill Reed in 1961, Wayne Duke in 1971, Jim Delany in 1989, Kevin Warren in 2020 and current commissioner Tony Petitti, who began his tenure on May 15, 2023.

After nearly 30 years with 10 members, the conference consolidated to nine schools when the University of Chicago formally withdrew its membership in 1946. Michigan State College (now Michigan State University) was added to the Big Ten three years later, bringing the number of affiliated conference schools to 10 once again.

In 1955, the Big Ten formulated a revenue-sharing model designed to pool all football television rights of its members and share those proceeds equally. The conference and its members continue to utilize a revenue-sharing model, dividing media rights, bowl payouts and other profits among all conference institutions.

While academics have always played an integral role in the conference, presidents of the Big Ten member institutions formalized the primacy of academics with the establishment of the Big Ten Academic Alliance (formerly the Committee on Institutional Cooperation) in 1958. The Big Ten Academic Alliance is an academic consortium of all Big Ten universities. Annually, the schools currently constituting the Big Ten Academic Alliance produced over \$10 billion in funded research, \$5 billion more than any other conference.

In one of Duke's first actions as commissioner, he oversaw the adoption of the Big Ten Advisory Commission in 1972, designed to study conference programs and make suggestions which would further Big Ten objectives. The Advisory Commission enlists former students that competed in Big Ten athletics to serve as liaisons to the NCAA's Diversity and Inclusion Department, the Big Ten Student-Athlete Advisory Commission and other organizations.

In 1981, the conference presidents and chancellors endorsed a proposal that enabled universities to affiliate their women's intercollegiate programs with the conference, and the first conference championships for women were staged that fall. The Big Ten was the first conference to voluntarily adopt male and female participation goals after launching its Gender Equity Action Plan in 1992.

In December of 1989, the conference agreed in principle to invite Pennsylvania State University for membership. On June 4, 1990, the Council of Presidents officially voted to integrate Penn State into the conference, giving the Big Ten 11 members.

In 2004, the Big Ten implemented a pilot program of instant replay for college football. Following the season, the conference forwarded replay proposals to the NCAA regarding the future use of instant replay, where it approved nationwide testing in 2005. A year later, the NCAA approved the use of instant replay for all conferences.

Also in 2006, Delany announced the creation of the first conference-owned television network, a 20-year agreement with FOX Networks to create what would become the Big Ten Network (BTN). Launched on Aug. 30, 2007, BTN now produces more than 2,200 live events annually as the first internationally distributed network dedicated to covering one of the premier collegiate conference in the country. BTN is in almost 60 million homes in the U.S. and Canada alone via all major video distributors in those countries and approximately 300 additional video providers across North America. BTN is also available through the majority of OTT providers, and via the Fox Sports App, which delivers live and on-demand programming to computers, smartphones and tablets. In addition, the B1G+ platform streams more than 1,700 additional conference events each season.

The Big Ten took its media reach to unprecedented heights on Aug. 18, 2022, with the announcement of a groundbreaking media rights agreement to provide fans with unparalleled access and exposure to its student-athletes and member institutions. Beginning with the 2023-24 academic year and continuing through 2029-30, the Big Ten will increase distribution coast-to-coast, featuring exclusive content across linear networks FOX, CBS and NBC, as well as NBCUniversal's direct-to-consumer streaming platform, Peacock. The breadth of new partners, in addition to BTN and FS1, will place conference football, women's and men's basketball and Olympic sports student-athletes on the biggest stage and provide fans with the most exciting matchups across traditional over-the-air linear television and direct-to-consumer streaming. These landmark media rights agreements are the most comprehensive in all of college sports and further strengthen the tradition of the Big Ten Conference.

On June 11, 2010, the Big Ten Council of Presidents/Chancellors (COP/C) approved a formal membership application by the University of Nebraska, expanding the conference to 12 institutions. Nebraska officially joined the Big Ten on July 1, 2011.

The conference expanded its footprint further in 2012 when the COP/C approved formal membership applications from the University of Maryland and Rutgers University on November 19 and 20, respectively. Maryland and Rutgers became official Big Ten members on July 1, 2014, giving the conference almost 9,500 students participating in intercollegiate athletics and more than 11,000 participation opportunities on 350 teams.

The Big Ten officially stretched from coast to coast on June 30, 2022, when it was announced the COP/C had unanimously voted to admit UCLA and USC, who were later joined on August 4, 2023 by Oregon and Washington.

On June 3, 2013, the Big Ten announced that Johns Hopkins University had been accepted as the conference's first sport affiliate member. Johns Hopkins' addition in men's lacrosse gave the Big Ten six institutions sponsoring the sport, allowing the debut of men's lacrosse as an official conference sport and building on the Big Ten's tradition of broad-based sports competition. On June 17, 2015, the conference announced that Johns Hopkins was accepted as a sport affiliate member for women's lacrosse beginning with the 2016-17 academic year. On March 23, 2016, the conference announced that Notre Dame would be joining the Big Ten for men's ice hockey beginning with the 2017-18 academic year.

Since opening in the fall of 2013, the Big Ten Headquarters and Conference Center, located in Rosemont, Illinois, hosts more than 300 meetings annually for member institutions, Big Ten Academic Alliance-related committees and coaches' groups.

In June 2014, the Big Ten opened a second office in New York City, featuring both office and meeting space in Midtown Manhattan. Big Ten staff members are based in the New York City office to provide expanded coverage and service, while other conference and institutional administrators utilize the space as necessary when conducting business on the East Coast. The Big Ten and its member institutions also have access to satellite office space in Washington, D.C.

Petitti and his staff work to meet the educational needs of student-athletes to allow them to excel in all areas of their lives. The conference office manages 27 different championships and tournaments, offers legislative and compliance services, oversees the production and distribution of more than 2,000 events annually, provides staff services to coaching and administrative personnel, and remains a vital resource for media and fans seeking information on the Big Ten.

More than a century after its inception, the Big Ten remains a national leader in intercollegiate athletics on and off the field. Big Ten programs have combined to win more than 450 team and 1,800 individual national championships, consistently taking home individual honors for athletic and academic accomplishments and fulfilling the Big Ten's mission of academic achievement and athletic success.

The Big Ten has over 6.4 million alumni, the most of any conference in the nation.
