TIAA is a mission - based company that believes in the fundamental right of every person to retire with dignity and security.

BIG LIFE. BIG STAGE. BIG TEN.

BIG TEN CONFERENCE

BIG

Big Life. Big Stage. Big Ten.®

Since its inception in 1896, the pursuit and attainment of academic excellence has been a priority for every Big Ten member institution. But maintaining the conference's standard of competing at the highest level in athletics also endures as an important component of the Big Ten experience. Striking that balance between academics and athletics is integral to the Big Ten's identity. Recognized as one of intercollegiate sports' most successful undertakings, the Big Ten strives for success from its students not only on the field and in the classroom, but around the world as well.

PREMIER ACADEMIC INSTITUTIONS

The Big Ten Academic Alliance is an academic consortium of all 14 Big Ten universities, which is widely considered to be the model for effective and voluntary collaboration among top research universities.

Every Big Ten Academic Alliance institution ranks among the top 70 universities in the nation according to the 2021 Academic Ranking of World Universities, including six in the top 30.

The Big Ten leads all conferences with more than 1,800 Academic All-Americans, including a Big Ten-record 56 honorees during the 2020-21 academic year.

Big Ten Academic Alliance schools annually conduct \$10 billion in funded research, \$5 billion more than any other conference.

A HISTORY OF ATHLETIC SUCCESS

Big Ten schools have won at least five national championships in 23 of the last 27 years, averaging nearly seven per year during that span.

Since the 2008-09 academic year, current Big Ten institutions have claimed 80 team national championships in 22 different sports.

BROAD-BASED PROGRAMMING

The Big Ten will administer more than \$240 million in direct financial support to more than 9,800 students competing in intercollegiate athletics for more than 11,000 participation opportunities on 350 teams in 42 different sports.

The Big Ten sponsors 28 official conference sports, 14 for men and 14 for women, including the addition of men's ice hockey and men's and women's lacrosse in this decade.

The Big Ten leads the nation in total students competing in intercollegiate athletics and participation opportunities, and sponsors more official sports than all conferences except the Ivy League.

More than 1,500 Big Ten competitors have participated in the Olympics, winning more than 500 medals, including more than 200 gold. The Big Ten Conference enjoyed its finest performance at a single Olympic Games during the 2020 Summer Olympics in Tokyo, Japan, as athletes with Big Ten ties set conference records by earning 51 total medals and 22 gold medals during the 17-day competition. All 14 Big Ten member schools had an athlete win at least one medal in Tokyo, also a first in conference history.

PASSIONATE FOLLOWING

The Big Ten leads all conferences with 6.4 million alumni and nearly 580,000 students.

Each year more than 11 million patrons attend Big Ten home contests, as the conference has led the nation in attendance for men's basketball, ice hockey, volleyball and wrestling.

LEADERS IN INNOVATION

Took part in the nation's first bowl game, winning the 1902 Rose Bowl Game, and signed an exclusive contract with the Tournament of Roses in 1946, making it the first bowl with permanent conference affiliations.

Awarded the first Big Ten Medal of Honor in 1915, honoring outstanding seniors who demonstrated excellence in academics and athletics.

Formed the Big Ten Advisory Commission in 1972, enlisting former students that competed in conference athletics to serve as liaisons to the NCAA's Diversity and Inclusion Department, the Big Ten Student-Athlete Advisory Commission and other organizations.

Became the first conference to voluntarily adopt male and female participation goals after launching its Gender Equity Action Plan in 1992.

Implemented the first collegiate football system of instant replay in 2004, which the NCAA approved for use among all conferences in 2006.

Launched the Big Ten Network (BTN) in 2007, the first national conference-owned television network.

Began partnering with the Ivy League to study the effects of head injuries in sports in 2012.

Accepted Johns Hopkins University as the conference's first sport affiliate members in men's and women's lacrosse in 2013 and 2015, respectively, and added Notre Dame as a sport affiliate member in men's ice hockey in 2017.

EXTENSIVE TELEVISION EXPOSURE

Through the Big Ten's current media agreements with BTN, ABC/ESPN, CBS and FOX, more than 2,000 Big Ten events are produced and distributed nationally and globally on an annual basis.

BTN is in almost 60 million homes across the United States and Canada, and is also available via the Fox Sports App, delivering live and on-demand programming to computers, smartphones and tablets. B1G+ streams hundreds of additional events each season.

COMMUNITY INVOLVEMENT

For more than 30 years, through the Big Ten's SCORE (Success Comes Out of Reading Everyday) program, the conference has partnered with Chicago elementary schools to improve reading performance.

Surrounding the Big Ten Football Championship Game and Basketball Tournaments, the conference has held numerous community initiatives, partnered with the College Football Playoff Foundation and other events such as the Big Ten Career Expo, SaturDAY of Service and Youth Football Clinics. In addition, the Big Ten has hosted a downtown 5K, collaborated with a local breast cancer awareness group and provided unique event experiences for military veterans.

ABOUT THE AWARD

In recognition of the Big Ten's leadership in fully integrating athletics into the academic mission of its member institutions, the Indianapolis Big Ten Community Partnership initiated the Wayne Duke Postgraduate Award in 2008. HAWKEYES

Founded in 1847, the University of Iowa is the state's oldest public university. Today it comprises 11 colleges, a major teaching hospital, a technology research campus, and other resources. With nearly 32,000 students, it is one of the nation's top public research universities and one of the smallest public institutions in the Big Ten.

Iowa is a place where every student can find their niche, get to know classmates and professors, and receive personal assistance in meeting college and career goals. Its 1,700-acre main campus bridges the Iowa River in the heart of Iowa City, and both campus and community radiate a welcoming, cosmopolitan spirit.

U.S. News & World Report magazine ranks Iowa among the nation's best public universities, and Iowa has been recognized as a "best buy" in the Fiske Guide to Colleges for 17 years. Iowa offers:

AN EMPHASIS ON EDUCATION

With more than 200 areas of undergraduate and graduate study, plus seven professional degree programs, Iowa helps students find their directions or chart new paths. Most classes have fewer than 30 students, and the overall student-to-faculty ratio is 15:1.

GAME-CHANGING MEDICINE

A staff of more than 10,000 and over 1 million clinic visits each year make UI Health Care one of the nation's largest university-owned teaching hospitals and a major health care provider for the state. With many nationally ranked pediatric and adult medical specialties, UI Health Care also helps train new generations of doctors, nurses, and other health professionals, and engages in groundbreaking medical research.

There are many different ways the University of Michigan serves the state of Michigan and the community. We invite you to explore and take advantage of the wide variety of opportunities, resources and events that a world-class university like U-M provides. Go Blue!

As a top research institution, U-M is home to renowned faculty who are dedicated to finding new and better solutions to pressing challenges. This not only provides a thriving learning environment for our students, but also facilitates inventions, discoveries and cures that improve and enhance our lives. The National Science Foundation ranked Michigan No. 1 in research volume among U.S. public research universities.

Michigan is consistently ranked one of the best public universities in the nation. The 2022 QS World University Rankings listed the university No. 3. Our 19 schools and colleges offer 275 degree programs. We attract talented students from 82 Michigan counties, all 50 states and 100 countries. About 63 percent of our graduates are staying in Michigan and using their U-M education to contribute to their communities.

U-M's "Go Blue Guarantee" program provides qualified in-state students with annual family incomes of \$65,000 or less with up to four years of free tuition on all three of our campuses. Our well-established, need-based financial aid program also provides generous support for many other qualifying Michigan families earning more.

Michigan Medicine was named both the No. 1 hospital and children's hospital in Michigan in the 2021 U.S. News & World Report. It is comprised of three hospitals and more than 125 health clinics and centers providing top-ranked care throughout the state. Last year, we served more than 2.4 million patients.

GOLDEN GOPHERS

Located in the Twin Cities of Minneapolis and St. Paul, the University of Minnesota System's flagship campus provides a dynamic urban environment for teaching and learning, world-class research, and community-engaged public service. In its collective search for knowledge, the University of Minnesota empowers faculty, staff, and students and inspires the next generation of innovators and leaders.

Founded in 1851, the University of Minnesota is one of the state's most important economic and intellectual engines. Ranked among the nation's top public research universities, the University of Minnesota System, with its five campuses, is also among the most comprehensive.

Students at the University of Minnesota's Twin Cities campus choose from 150 bachelor's degrees, 180-plus master's degrees, and more than 100 doctoral degrees. We are one of only five universities in the nation with schools of engineering, human and veterinary medicine, law, nursing, and agriculture on one campus. And because the world's biggest problems don't have single solutions, the U of M's best minds collaborate through 50 joint graduate degree programs and 200 interdisciplinary institutes and centers.

The Twin Cities campus is also a thriving cultural center, featuring outstanding galleries, museums, concerts, theater productions, and public lectures. It is the nation's only university with all arts disciplines located in a single district—the West Bank Arts Quarter.

At the University of Minnesota, we are Driven to Discover. That is why Minnesota faculty, staff, and students are focused on advancing the search for truth; sharing new knowledge through education for a diverse community; and applying innovation to improve Minnesota, the nation, and the world.

NORTHWESTERN WILDCATS

Northwestern is a comprehensive research university located in Evanston, Illinois. Founded in 1851, Northwestern has grown to include 12 schools and colleges, with additional campuses in Chicago and Doha, Qatar.

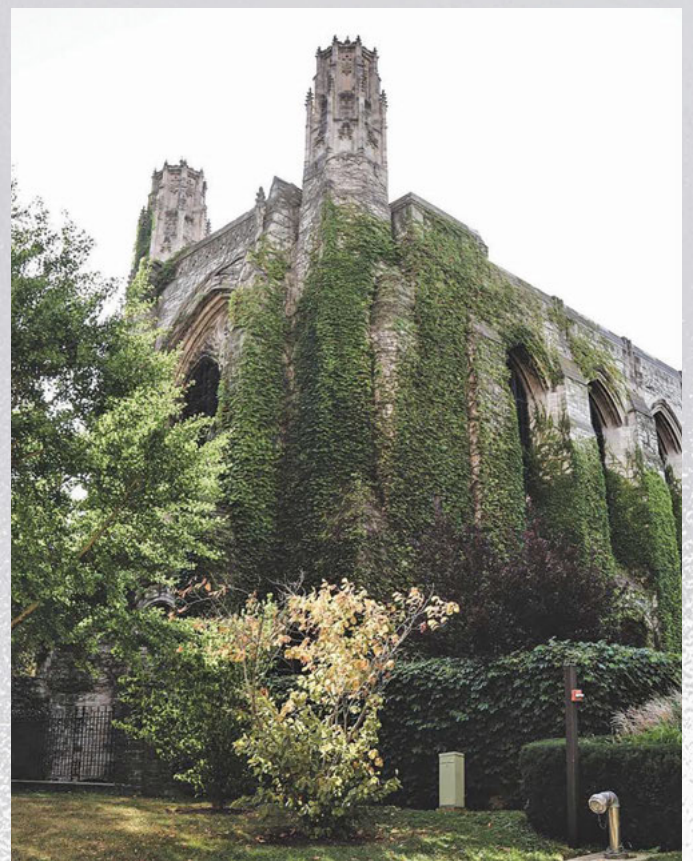

Bordered by Lake Michigan and the city of Chicago, Northwestern is home to world-renowned programs in Economics, Business, Journalism, Chemistry, Theater and Medicine. From concerts to lectures, there's always something happening on campus.

Beginning with the March Through the Arch, as each incoming freshman class is led by the marching band through the Weber Arch, a student journey at Northwestern might include painting the Rock – a boulder on campus that serves as a billboard for clubs and groups – and celebrating Dillo Day, the largest student-run music festival in the nation.

A founding member of the Big Ten Conference, Northwestern has seen 19 varsity sports teams provide plenty of school spirit and bring more than a few trophies back to Evanston. Northwestern Football won the Big Ten West in 2018 and 2020, with Northwestern Women's Lacrosse, seven-time national champions, reaching the NCAA Final Four in 2021. Last fall, Northwestern Field Hockey celebrated the first national championship in program history.

The success continues in academics, where Northwestern faculty and alumni have won the Pulitzer Prize, Nobel Prize, MacArthur Genius Grant, Tony Award, Grammy Award, Emmy Award, Academy Award, Guggenheim Fellowship, and membership in the National Academy among numerous other honorary and professional societies.

Famous Northwestern alumni span every school and academic discipline, including Stephen Colbert, J.B. Pritzker, Gillian Flynn, Patrick G. Ryan, Claudia Lopez, Roxana Saberi and Julia Louis-Dreyfus.

PENN STATE

NITTANY LIONS

Penn State's historic mission of teaching, research and public service — launched under the most modest of circumstances more than 150 years ago — now reaches into virtually all parts of Pennsylvania. Consider, for example, that the University now has 24 campuses across the Commonwealth, putting a Penn State education within practical reach of nearly every Pennsylvanian. In fact, more than 95 percent of Pennsylvania residents live within a 30-mile radius of a Penn State campus and about 70 percent of Penn State's undergraduates are Pennsylvania residents.

Penn State is Pennsylvania's largest nongovernmental employer and has employees and expenditures in every one of its 67 counties. The University generates a total economic impact across the Commonwealth that is consistently ranked among the top 1% of the world's universities.

Part of that impact is derived from Penn State's research program, which brought more than \$633 million in federal funds to Pennsylvania last year, and an additional \$101 million from private industry. As part of its Invent Penn State initiative, the University has funded 21 innovation hubs, designed to bolster entrepreneurship and economic development in communities surrounding its campuses.

Penn State's outreach and online programs provide educational and service programs to more than a million Pennsylvania households annually.

The University Park campus is Penn State's administrative and research hub. In addition, there are 19 primarily undergraduate campuses; Penn State Health Milton S. Hershey Medical Center and the College of Medicine; the Pennsylvania College of Technology; Penn State Law; Dickinson Law; the Penn State Great Valley School of Graduate Professional Studies; and the Penn State World Campus.

To date, Penn State has awarded more than 909,000 degrees, hallmarks of an educational experience second to none in quality.

BOILERMAKERS

The story of Purdue University is a powerful one. With over 150 years of pursuing innovation, generations of Boilermakers have left their mark in small steps and giant leaps. Whether it's landing the first man on the moon, freezing tuition for over a decade or opening three of its own high schools, Purdue is persistently pursuing the next giant leap.

The only university to be named a Brand that Matters by Fast Company magazine, a recognition honoring organizations that give people compelling reasons to care about them, offer inspiration for others and authentically communicate their mission and ideals. Purdue joins other iconic brands like Nike, Ford and 3M.

As a top 10 public research institution and ranked in each of the last four years as one of the 10 Most Innovative universities in the United States by U.S. News & World Report, Purdue delivers world-changing research and out-of-this-world discovery.

With more than 100,000 students system-wide and its most diverse student body ever, Purdue fulfills its mission by opening the doors to transformative higher education for all who seek it.

With its decade-plus tuition freeze, Purdue has a lower cost of attendance today than in 2012. The university's commitment to affordability, accessibility and value has helped students and their families save more than a billion dollars since 2013.

CITY OF INDIANAPOLIS

GAINBRIDGE FIELDHOUSE

Indianapolis continues to be the Big Ten Conference's home away from home. The Circle City is proud to host the Big Ten Women's Basketball Tournament at Gainbridge Fieldhouse, marking the 25th occasion the tournament has been hosted in Indianapolis. The men's basketball tournament returns to Indianapolis as well in 2022 for the thirteenth time in Gainbridge Fieldhouse. Indianapolis will also host the Big Ten Football Championship Game through at least 2022.

Indianapolis is deliberately designed for events and is a city that offers unmatched convenience. Downtown hotels, restaurants and pubs, cultural attractions and museums, shopping (including Circle Centre Mall), night life, Lucas Oil Stadium and Bankers Life Fieldhouse, and the expanded Indiana Convention Center are all located within a few blocks of one another. Once in Downtown Indy, you can park the car and get everywhere on foot. There are more than 7,200 hotel rooms within a 10-minute walk of our two state-of-the-art sports venues, and 73,000 parking spaces within the same radius.

Last year, Forbes called Indy out as "America's Most Underrated City" while Conde Nast Traveler flagged Indy as one of the "Top Big Cities in the U.S.". The 250-acre White River State Park includes the Indiana State Museum, Indianapolis Zoo, a 450-seat IMAX Theater, the Eiteljorg Museum of Western and Indian Art, and the River Promenade. The park also includes the NCAA headquarters and its Hall of Champions. Just a short drive from downtown is the world-famous Indianapolis Motor Speedway and its Museum as well as the Children's Museum of Indianapolis (the largest children's museum in the world). Don't miss the stunning grounds of Newfields, including the famous Robert Indiana LOVE sculpture.

Indianapolis is a safe, clean, vibrant and downright fun place to be, especially when Big Ten excitement takes over the city. It's a big city that has small-town appeal. It's a place where visitors — and the Big Ten family — can feel right at home.

GAINBRIDGE FIELDHOUSE

Welcome to Gainbridge Fieldhouse for this year's Big Ten Basketball Tournament!

Inspired by Indiana's love affair with basketball and the historic gymnasiums that pepper the Hoosier landscape, the 'Fieldhouse of the Future' marries our rich basketball tradition with the state-of-the-art amenities guests expect of the NBA's best facility.

As you make your way around Gainbridge Fieldhouse, take in the upgrades to the interior, exterior, infrastructure, and technology that make up this three-year, \$360 million renovation project. Construction will be completed within the next year, and the changes mean an enhanced guest experience, more indoor social spaces, and incredible outdoor gathering places for year-round public events right in the heart of Big Ten country.

We hope you enjoy today's games and we look forward to your return to Indianapolis very soon!

DESIGNATED DRIVER PROGRAM

This program encourages guests to be responsible and appoint a member of their party as a designated driver, who is 21 years old with a valid driver's license and agrees to refrain from the use of alcoholic beverages for a safe drive home. Guests who would like to sign up from the Designated Driver program can now do so through the Pacers App. When you sign-up online as a designated driver, Pacers Sports & Entertainment will treat you to a free non-alcoholic beverage. Guests can access the form by going to the Arena tab in the Pacers App and selecting Designated Driver at the top of the page. Once their information is submitted, a confirmation code is generated and the guest will be instructed to see the Guest Services representative at Section 2 to claim their free Pepsi product coupon. Guests have until tip-off to collect their coupon. For concerts, guests have until the Main Act takes the stage to collect their coupon. Gainbridge Fieldhouse appreciates the loyal support of fans and want to do its part to assist those guests consuming adult beverages during events and don't feel safe driving. If a guest needs assistance with a ride, please visit the Guest Services desk on the Main Concourse at Section 2 and we can assist with calling a taxicab service.

FAN TEXTING

Gainbridge Fieldhouse provides guests with an in-game texting service, allowing guests to text issues to building management anonymously and discretely without having to leave their seat. Guests may text 317-917-2500. Participation in this service is free of charge but standard carrier text messaging and data charges may apply.

This service should be used for legitimate safety, security, or guest services issues only and abuse will result in the number being blocked from the system for 24 hours.
