

GLIDERIDE™ MAX

The long-run cruiser that helps your stride feel smoother and more consistent

SUSTAINABILITY

RECYCLED POLYESTER UPPER ~ 75%

DOPE DYED SOCKLINER

NEW | HYBRID ASICSGRIP™

A combination of ASICSGRIP™ and AHARPLUS™ in the right places improves grip and softness without compromising abrasion resistance.

ORTHOLITE™ X-55 SOCKLINER

Designed to help provide advanced moisture management, breathability, and cushioning properties.

NEW | FF BLAST™ MAX

One of our most energetic midsole foam is complemented with cloud-like softness and a responsive energy return in each step.

ENGINEERED MESH UPPER

A one-piece, lightweight, and highly breathable mesh upper features a stretchy construction with advanced comfort.

GUIDESOLE™

This technology is strategically positioned in the midsole to help create smooth, consistent toe-offs and advanced energy savings.
