

Data Protection Officer Requirements by Country

Increasingly, privacy and data protection laws around the world require organizations to designate a data protection officer to translate legal protections into practical reality. This chart catalogues those requirements but does not include the many additional instances in which a DPO is recommended but not required. If you are aware of additional material that should be included here, please email the Westin Research Center at research@iapp.org.

	Legal instrument	Terminology	Scope	Tasks	Structure	Training/expertise	Registration/notification
Australia	Privacy (Australian Government Agencies — Governance) APP Code 2017	<ul style="list-style-type: none">Designate a privacy officer.	<ul style="list-style-type: none">Government agencies.	<ul style="list-style-type: none">Provide the agency advice on privacy matters.Handle internal and external privacy enquiries, complaints and requests for access to and correction of personal information.Maintain a record of the agency's PI holdings.Assist with the preparation of privacy impact assessments and maintain the agency's register of PIAs.Measure and document the agency's performance against the privacy management plan at least annually.	<ul style="list-style-type: none">An agency may have one or more privacy officers.The privacy officer may serve as the required privacy champion, or the two positions may be separate.	<ul style="list-style-type: none">The Office of the Australian Information Commissioner's "Privacy Officer Toolkit" describes useful skills and expertise and offers resources for privacy officers.	<ul style="list-style-type: none">Provide the OAIC contact information for the privacy officer in writing.
Bermuda	Personal Information Protection Act Part 2, Section 5	<ul style="list-style-type: none">Designate a representative ("privacy officer").	<ul style="list-style-type: none">All organizations.	<ul style="list-style-type: none">Take responsibility for compliance with the act.Communicate with the commissioner.			<ul style="list-style-type: none">Publish name of privacy officer in privacy notice.
