

RELIEVE CROSS-BORDER HEADACHES WITH A DEDICATED SOLUTION

Multiple carriers lacking cross-border expertise were damaging the bottom line of an automotive supplier that needed to get freight across the Canadian border.

THE SITUATION

Using 20+ carriers brought chaos to the supply chain

Inadequate cross-border knowledge led to serious delivery delays

Line shutdowns due to delayed deliveries cost the company \$10,000 per minute

THE SCHNEIDER SOLUTION

Dedicated team of Canadian drivers supported a top-tier cross-border experience

Trailer-tracking technology and proactive communication enabled superior service

Ability to flex cross-border capacity helped meet strict on-time delivery requirements

THE RESULTS

99.6 PERCENT ON-TIME DELIVERY

MILLIONS IN ANNUAL COST SAVINGS

EXPERIENCED DRIVERS AND RELIABLE CAPACITY

With a Dedicated solution by Schneider, an automotive supplier found relief for its headache from managing multiple carriers for its cross-border freight. Schneider continues to expertly flex with the company's cross-border capacity demands while protecting its bottom line.

Find out how Schneider can optimize your international freight with a Dedicated Cross-Border solution.
