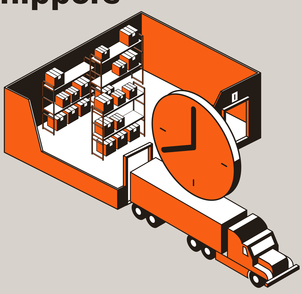
Schneider FreightPower®
Top 5 time-saving features for shippers

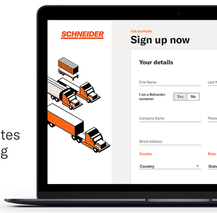


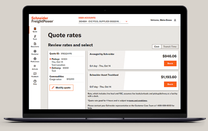
Schneider FreightPower® gives shippers more time back in their day by offering instant access to capacity.

Register now

Self-registration process

- Online registration available 24/7.
- Registration takes just a few minutes and gives you access to start using the tool instantly.





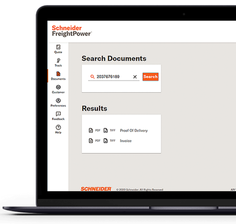
Quote and book quickly

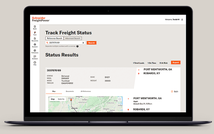
- Instantly access dynamic spot quotes.
- From quote to book, within minutes. No more back and forth negotiating or waiting – saves you precious time.

Access load documents

Easily access your load documents including:

- Master bill of lading
- Proof of delivery
- Invoice
- Scale ticket
- Lumper receipt
- And more



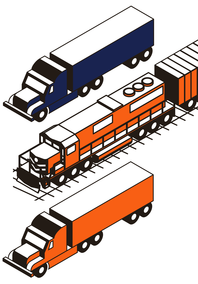


Track your freight

- Track all of your Schneider freight, regardless of how it was booked.
- Subscribe to tracking reports delivered to your inbox for individual loads or all your Schneider freight.
- Advanced tracking functionality allows you to customize your view and segment your freight.
- Export your freight tracking information.

Multimodal options

- Spot quote your Truckload, Intermodal and LTL freight. No need to call multiple people.
- Schneider asset and Brokerage quote options for your truckload freight.
- Our Brokerage division provides access to 40,000+ Schneider-approved carriers.



Schneider FreightPower® is an online platform that gives you complete freight management. Instantly quote, book and track Truckload (asset and non-asset), Intermodal and LTL shipments.

Register now and move your freight confidently.
