

RETAILER ACHIEVES PREDICTABILITY THROUGH DEDICATED DELIVERY SOLUTIONS

An unpredictable delivery schedule was affecting a home furnishings retailer's bottom line.

THE SITUATION

Freight drayed to stores when capacity was available

Carriers only made single-stop deliveries

Inefficient methods resulted in inconsistent and delayed deliveries

Retailer introduced new requirements to try to control the delivery issues

THE SCHNEIDER SOLUTION

Assigned two Dedicated Dray trucks to ensure predictable delivery schedule

Executed multistop deliveries

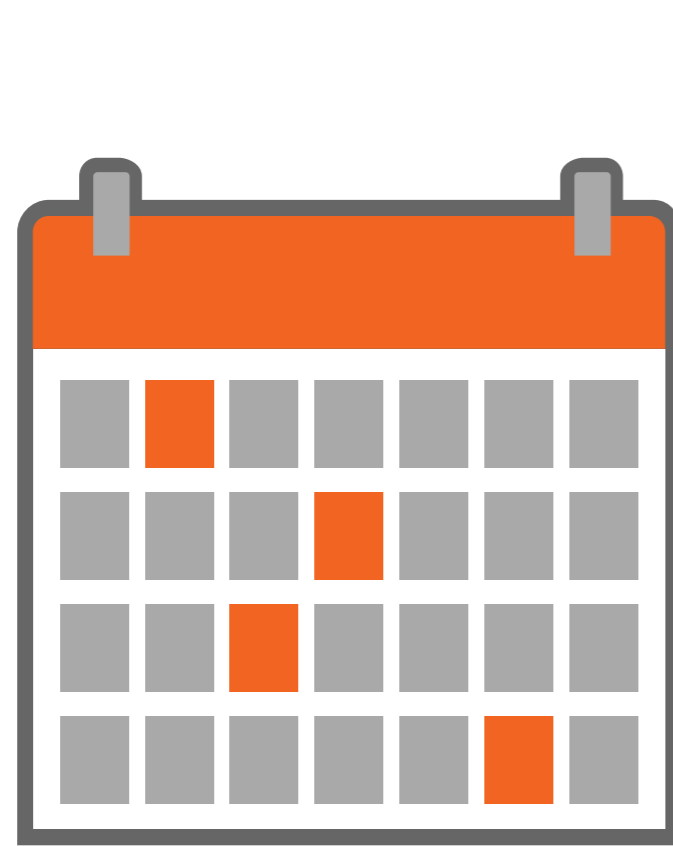

Tailgated freight allowed stores to unload delivery

Conducted regular operations calls

THE RESULTS

98% ON-TIME DELIVERY

PREDICTABLE

MULTISTOP DELIVERIES

SHORTENED DELIVERY PROCESS

CONSISTENT PRODUCT AVAILABILITY

The retailer needed consistency, and Schneider was able to provide much-needed predictability that increased the retailer's bottom line.
