

SAFETY ORDER

No: SO-G5 060829 3

INSPECTION AND SERVICING OF REVENT GAS BAKERY OVENS

Date of Issue: August 29, 2006

This safety order is being issued pursuant to section 31 of the Safety Standards Act. A person affected by this safety order may appeal this order, in writing, to the Safety Standards Appeal Board in accordance with Section 51 of the Safety Standards Act. It is an offence under section 72 to not comply with a safety order.

This Safety Order supersedes SO-G5 060801 2.

Part 1: Details of Regulated Work or Regulated Product

This safety order is being issued in relation to (circle or highlight one):

Regulated Work – General	Regulated Products – General
Regulated Work – Specific Class	Regulated Product – Specific Class
Specific Regulated Work	Specific Regulated Product

This safety order is being issued to owners of Revent gas bakery ovens Model 624 in response to a recent incident where an explosion caused the door of one of those ovens to be blown off. An investigation into the incident concluded that improper setup as well as inadequate servicing and maintenance of the oven resulted in the deterioration of the oven's components which, in turn, led to the explosion.

Part 2: Requirements of this Safety Order

It is hereby ordered that owners of Revent gas bakery ovens Model 624 take the following actions:

1. Have the regulated product inspected and serviced by a licensed gas contractor in accordance with the procedures authored and supplied by Revent. Inspection and servicing must ensure that the oven setup conforms to the draft requirements specified by Revent and take into account ambient air pressures that may effect draft. A licensed gas contractor who inspects and services a Model 624 Revent gas bakery oven under this safety order is hereby ordered to supply a report of that inspection and of any service to the owner upon completion of the inspection/service. Relevant inspection procedures, maintenance procedures and service procedures can be obtained from the following manufacturer's authorized service representative:

RF Bakery
3947 Graveley Street
Burnaby, BC V5C 3T4
604-298-6673

2. Upon receipt of a report from a licensed gas contractor under 1. above, owners must forward a copy of that report for all Revent Model 624 ovens in their possession or control to the Provincial Administrator, Equipment Approvals named below. Copies of those reports must be received by the Provincial Administrator, Equipment Approvals no later than **September 15, 2006**.

Christian E. Jorgenson
Administrator Equipment Approvals and Certification
Engineering and Risk Control Department
British Columbia Safety Authority
Suite 400 88-6th Street
New Westminster, BC V3L 5B3
Tel: 604-660-6229 Fax: 604-660-3460
E-mail: chris.jorgenson@safetyauthority.ca

3. Owners must establish a preventative maintenance program to have a licensed gas contractor inspect and service affected ovens at least every six months in accordance with the manufacturer's inspection/preventative maintenance checklist (as amended by the manufacturer from time to time).
4. Owners must maintain records of all inspection/preventative maintenance performed by licensed gas contractors in accordance with 3. above and supply copies of those records to a safety officer upon request. Licensed gas contractors must provide reports to owners of any inspection/preventative maintenance performed under this safety order upon completion of any work.

Part 3: Details of Ordering Safety Manager or Safety Officer

I certify that I am authorized to issue this safety order in accordance with section 15(d) of the Safety Standards Act or that I have been delegated this power under section 15(g) of the Safety Standards Act. I hereby order that this safety order be complied with by persons effective the date of this safety order under the authority granted by those sections.

Ron Herrington
Provincial Safety Manager, Gas

Date: August 29, 2006

Safety Standards Act:

Safety Orders

- 31 (1) To prevent, avoid or reduce risk of personal injury or damage to property, a provincial safety manager may, in writing, issue a safety order.
- (2) A safety order may be issued to any person in relation to any of the following:
- (a) regulated work or regulated products generally;
 - (b) a specific class of regulated product or regulated work;
 - (c) a specific regulated product or regulated work.
- (3) For certainty, a safety order issued under this section may apply to
- (a) regulated work that meets the requirements under this Act,
 - (b) regulated work that previously met the requirements under this Act or a former Act but does not meet the current requirements under this Act,
 - (c) regulated products that meet the requirements under this Act, or
 - (d) regulated products that previously met the requirements under this Act or a former Act but do not meet the current requirements under this Act, including a regulated product that bears a certification mark.
- (4) A safety order may specify any requirement that is intended to prevent, avoid or reduce the risk of personal injury or damage to property and may include any of the following orders:
- (a) that an existing regulated work or regulated product must be made safe in compliance with the safety order;
 - (b) that a regulated product must be
 - (i) disconnected from a power source,
 - (ii) uninstalled, or
 - (iii) modified before continued use;
 - (c) that a regulated product must be operated, installed, manufactured or disposed of only as specified or that a regulated product must not be moved;
 - (d) that current or future regulated work or a regulated product must conform to the terms or conditions of the order;
 - (e) that a person take or refrain from taking any action that a safety manager considers necessary to prevent, avoid or reduce a risk of personal injury to persons or damage to property;
 - (f) that the manufacturer make reasonable efforts to recall the regulated product.
- (5) The provincial safety manager must give written notice of the safety order to the following persons:
- (a) the manufacturer of the regulated product;
 - (b) an owner of the regulated product if the identity of the owner is known to the provincial safety manager;
 - (c) the person in charge of the regulated work.
- (6) The notice must state the reasons for the decision and that the person has the right to appeal the decision to the appeal board.
- (7) Despite section 54, a safety order may not be stayed during an appeal.
