

## Components

- 1 - Horse
- 1 - Bridle
- 1 - Saddle Pad
- 1 - Saddle
- 2 - Stirrups

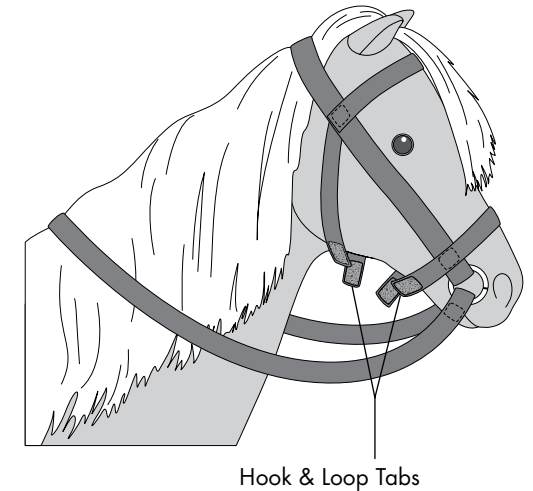

## Attaching the bridle

1. Place the reins around the horse's neck.
2. Lower the bridle over the horse's head as shown below.

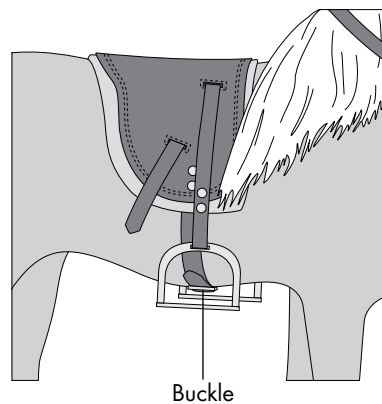

## Securing the bridle

- Connect the two straps by attaching the hook and loop tabs.

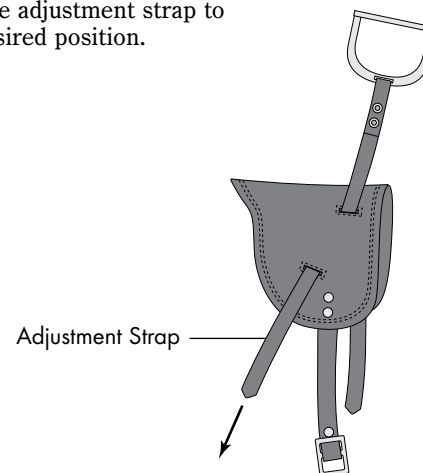

## Attaching the saddle

1. Place the saddle pad on the horse's back.
2. Place the saddle on top of the saddle pad.
3. Fasten the saddle's buckle tightly under the horse's belly.

## Adjusting the stirrups

1. Raise the stirrup.
2. Pull the adjustment strap to the desired position.
