Introduction

This directory provides a list of our network providers.

Network providers are the doctors and other healthcare professionals (e.g., physician assistants and nurse practitioners), medical groups, hospitals, and other healthcare facilities that have an agreement with us to provide covered services to our members.

Your Primary Care Provider

You will have to choose one of our network providers listed in this directory to be your primary care provider (PCP). Generally, you must get your healthcare services from your PCP. If you do not select a PCP, we will assign one to you. Please read Chapter 3 of your Evidence of Coverage (EOC) for details on how to choose and change your PCP.

Your PCP may be a family practitioner, general practitioner, geriatrician, or internal medicine physician. The doctor you choose as your PCP (or who is assigned to be your PCP) serves as your first point of contact for your health concerns and is the main keeper of your medical records. Because your PCP will know your healthcare history and needs, she or he can determine when you need to get care from other healthcare providers (such as specialists and hospitals). She or he will also coordinate and help arrange the care you may need. A referral is not required from your PCP to get care from specialists and other healthcare providers and facilities.

More Information about Our Providers

The network providers listed in this directory have agreed to provide you with your healthcare services. You may go to any of our network providers listed in this directory.

Our directory also indicates whether a provider is or isn't accepting new patients.

You must use network providers, except in emergency or urgent care situations, for out-of-area renal dialysis, or when qualified providers are not available in our network. If you obtain routine care from out-of-network providers, neither Medicare nor Arkansas Blue Medicare will be responsible for the costs.

Appointment Wait Times

The providers listed in our directory are expected to meet requirements for how long it should take for you to get an appointment.

- For urgent care or emergencies—immediately
- For care that's not urgent or an emergency, but you need medical attention—within seven business days
- For routine and preventive care—within 30 business days

If you need help with scheduling an appointment, call us at the phone number listed below.
