### Schneider Named Top Safety Carrier by Dow Chemical

Schneider, one of the nation's largest and fastest-growing bulk chemical transportation carriers, recently received the 2013 Dow Core Carrier Silver Award for excellence in the safe transport of products for The Dow Chemical Company. The award recognizes Schneider for carrying out the highest levels of service performance and safety compliance.

To earn this honor from Dow, a carrier must have no serious or moderate carrier-caused transportation incidents, and no more than one carrier-caused minor incident per 10,000 shipments. To achieve this sizable goal, safety must be at the core of a carrier's operations.

"Safety first and always is our number one core value at Schneider," said George Grossardt, senior vice president and general manager, Bulk, Schneider. "Schneider drivers, and all other associates, have a relentless adherence to safety processes and procedures. Receiving the Dow Core Carrier Silver Award is a true testament to our commitment and discipline to sustain a culture of superior safety performance."

Schneider is one of the few American Chemistry Council-certified Responsible Care Partners in the industry and is ISO-9001 certified.

### **About Dow**

Dow (NYSE: DOW) combines the power of science and technology to passionately innovate what is essential to human progress. The Company is driving innovations that extract value from the intersection of chemical, physical and biological sciences to help address many of the world's most challenging problems such as the need for clean water, clean energy generation and conservation, and increasing agricultural productivity.

### **About Schneider**
