USA FENCING PROGRAM

Foreign Travel Medical, Summary of Insurance

Covers every person traveling on a USA Fencing-designated international trip, including athletes, coaches, staff, officials, referees, volunteers and other delegation members. Effective August 1, 2026 to August 1, 2027. Procedure per the USA Fencing Covered Trip Protocol, confirmed with Global Rescue.

Coverage

The program pays the reasonable and customary cost of medically necessary treatment of an accidental injury sustained, or a sickness that first appears, during a covered trip, up to the limits shown in the schedule of benefits. Coverage applies worldwide. Medical expense benefits apply in excess of any other health plan that pays for the same treatment in the country of treatment; where a traveler's health plan does not pay abroad, the program pays as primary. Evacuation, repatriation, and AD&D benefits are payable on a primary basis without regard to any other health plan. A covered trip is limited to 60 days of continuous duration.

Emergency medical evacuation, repatriation of remains, and political and natural disaster evacuation benefits are included, payable in addition to the medical expense limit. No deductible applies to these benefits.

Foreign travel medical benefits

BENEFIT	AMOUNT
Out-of-country medical expense (per person)	$250,000
Deductible (per person)	$250
Emergency medical evacuation and repatriation	Included, in addition to the medical limit, no deductible
Accidental death and dismemberment (per person)	$50,000
Covered trip length	Up to 60 continuous days

Worldwide. Medical expense benefits pay in excess of any other health plan that pays in the country of treatment, and as primary where a traveler's own plan does not pay abroad. This does not replace primary health insurance.

Who is covered

Every person traveling on a USA Fencing-designated international trip: athletes, coaches, staff, officials, referees, volunteers and other delegation members. USA Fencing designates the trip and names its point of contact; no individual registration is required.

Emergency assistance, 24/7, anywhere

If life is in immediate danger, call the local emergency number first. Then, either way, get **Global Rescue** involved: go to the USA Fencing point of contact on the trip, who calls on your behalf, or call directly: **+1 617 459 4200** (collect calls accepted; (800) 381-9754 in the US). Non-urgent: operations@globalrescue.com. Say you are on a USA Fencing trip and, if you can, name the point of contact. No app, registration, card or policy number is needed. Call for any medical concern, not only emergencies, and let Global Rescue arrange hospital transfers and evacuation. Care is never delayed while eligibility is checked.

Costs and claims

1. Global Rescue coordinates the response, including guarantees of payment to providers, reports each case to Golden, and recovers costs under the policy, not from USA Fencing or the traveler. The claims team handles the claim and makes the official coverage determination.

2. If a traveler has paid anything out of pocket, send the receipts to **claims@goldenbycorgi.com** with the traveler's name, the trip, and policy number SEIC-USAFA-MASTER-2026-001.

USA Fencing designates each trip and names its point of contact; questions about whether a trip or traveler is covered go to your USA Fencing point of contact for the trip, or the Sport Performance staff. Questions about the insurance: team@goldenbycorgi.com. Program details: usafencing.org/insurance.

Global Rescue is a services provider, not an insurer. It provides medical and security advisory, field rescue, evacuation and related assistance services and does not determine insurance coverage. Insurance benefits under the USA Fencing program, including foreign travel medical, are governed solely by the issued policy (SEIC-USAFA-MASTER-2026-001), and the claims team makes the official coverage determination. This page is a summary for general information only and does not interpret specific coverages or include complete policy definitions, terms, or conditions; in any conflict between this summary and the policy, the policy governs. USA Fencing Insurance Program, powered by Golden, backed by Corgi. Administered by Golden Protection Partners, a brand of Corgi Insurance Services, Inc., the program's licensed producer; all coverage is underwritten by Sports and Entertainment Insurance Company, Inc.
