"DNS" (Did Not Start) means that a team did not show up to compete in an entered team competition or that a fencer did not show up to compete in an individual event. "DNC" (Did Not Compete) means that a fencer did not compete either because their team did not start or because that fencer was named as a reserve for the team event but did not compete in any of the team's matches. When this happens, the IOC considers the team or fencer to have not competed in the event at all but the fencer's country may consider the fencer to be an Olympian.

4,592 fencers from 106 countries have competed in the Olympic Games
234 fencers from 64 countries have competed in the Youth Olympic Games
