## 2014 Veteran World Championships (Debrecen, HUN - 2014.X.21-26)

Veteran team test events were held the previous year. This year they were held as official world championships for the first time. Each team had one fencer in each of the three age categories with one optional reserve in each category. The fencers in each category fenced only an opposing fencer in the same category with two bouts in each category. Thus two fencers could fence each other twice if the reserve in that category was not used by either team. The matches were in relay format for a maximum of 30 touches with each bout having a 3-minute time limit.
