For the team events, first got a gold-plated medal, second a large silver medal, and third a large bronze medal. All competitors including the referees received a bronze competitors medal.

## 1934 European Championships (Warsaw, POL - 1934.VI.20-29)

An FIE Congress in 1934 mandated that electrical scoring systems must be used for epee in all subsequent European Championships. This was the first European Championship to use electrical epee. Each nation was allowed a maximum of six fencers in the individual events. The team events consisted of four-person teams.

### Men's Foil Team (1934.VI.20)

The final round was a pool of 4 teams. Italy was undefeated, France had 2 victories, Germany one, and Austria none.

## 1935 European Championships (Lausanne, SUI - 1935.VI.19-29)

Grounded pistes were used for the first time and the Hungarians demonstrated an electric scoring machine for foil. The electrical epees being used would register touches made with as little as 150 grams of pressure. At the FIE Congress in April 1935, the rules were changed to require that the pressure be at least 250 grams as of January 1936.

### Men's Foil Team (1935.VI.19-20)

Bouts in both the team and individual events were for 5 touches.

## 1937 Senior World Championships (Paris, FRA - 1937.VII.19-30) Nations: 20

The only championship that had been held in 1936 was women's foil team because it was not on the program of the Olympic Games in Berlin. After the Olympic Games of 1936, the Italian government of Benito Mussolini announced a program of cash rewards for any Italian athlete who won at an Olympic or World Championship. The Italian fencing federation requested that the "European Championships" be henceforth named "World Championships". The FIE approved this request and the first competition to be officially called a World Championships were held in 1937 at the Palais des Sports in Paris with Austria, Belgium, Bulgaria, Czechoslovakia, Denmark, Egypt, France, Germany, Great Britain, Greece, Italy, Luxemburg, Monaco, Netherlands, Portugal, Romania, Sweden, Uruguay, United States, and Yugoslavia competing.

For this World Championship and subsequent ones, the FIE passed a rule that each country was allowed to enter a maximum of six fencers in the individual events of each weapon. The finals of the foil and sabre events would have eight or nine fencers and for epee, nine or ten.

### Men's Foil Team (1937.VII.19-20) Nations: 9

The first two rounds were pools of three teams with two qualifying to the next round. The final round was a pool of 4 teams. Italy was undefeated with 3 victories, France had 2 victories, Austria 1, and Germany none.

The 1939 World Championships were scheduled to be held in Merano, Italy, from 31 August through 14 September but were canceled shortly before they were scheduled to start because of increasing hostilities in Europe. No events had been scheduled for August 31 because of an FIE Congress or on September 5 or 10 because the tournament organizers planned sightseeing tours.

No World Championships were held between 1939 and 1946 because of World War II and reconstruction.

A tour and banquet were held on July 4 and so there was no fencing on that day. In 1947, the Egyptian sabre team's bronze medal was the first time a nation outside of Europe won a medal in the fencing World Championships.

## 1949 Senior World Championships (Cairo, EGY - 1949.IV.10-24)

At the FIE Congress in March of 1939, Egypt had been designated as the host country for the 1941 World Championships but these were not held because of World War II. The only championship that had been held in 1948 was women's foil team because it was not on the program of the Olympic Games in London. The 1949 World Championships were the first to be held outside of Europe. Direct elimination was used for the first time but was considered unsuccessful and the 1950 Championships resumed using only pools.

The format of the individual events was to be pools until 16 fencers remain and then direct elimination with no fence-off for third place except that a bout to decide third place was held in women's foil because of the small number of women's foil entries. The bouts with men's foil and sabre were for 5 touches, women's foil 4 touches, and men's epee 3 touches. The DE matches would be 2 out of 3 bouts.

A women's foil team event was not held. Only 12 women showed up to compete in the individual event and France and Italy were the only two nations with three women.

## 1950 Senior World Championships (Monte Carlo, MON - 1950.VII.10-22) Nations: 17

At the FIE Congress in June 1949, three changes had been made to epee: the pressure required to register a touch was increased from 250 to the present 750 grams, the time difference to register a double touch was reduced from 1/15 to 1/25 of a second, and double touches were again recorded against both fencers rather than being discarded. The discarding of double touches had been in effect for only one year.

# Senior World Championship Team Medalists

## 1953 Senior World Championships (Brussels, BEL - 1953.VII.15-29)

The only senior world championship that had been held in 1952 was women's foil team because it was not on the program of the 1952 Olympic Games in Helsinki. An opening ceremony was held on July 15 and a closing ceremony on July 29. No fencing was held on July 22. Participation numbers are for pre-entries and so are probably greater than the number of fencers who actually competed.

## 1958 Senior World Championships (Philadelphia, USA - 1958.VIII.18-30) Entries: 203 Nations: 22

The senior World Championships was the first to be held in the western hemisphere. The time-limit for bouts was reduced to 5 minutes for men and 4 for women starting with this Championships. The Egyptian foil team died in a plane crash over Atlantic Ocean on the way to the Championships. Six fencers of Hungarian origin who had left Hungary after the Hungarian revolution, petitioned the FIE to be declared stateless so that they could fence for the countries where they currently lived. The FIE approved the petitions of two sabre fencers to fence for the United States and one epee fencer to fence for Canada. The Hungarian delegation originally announced that they accepted this decision but the Hungarian government instructed them to withdraw their entries from the sabre and epee individual events.
