Article 16. Methods of Scoring

1. Recognized Poomsae

1.1. Total score is 10 Points

1.2. Accuracy

1.2.1. Basic score is 4.0

1.2.2. Minor mistake, 0.1 point shall be deducted each time a contestant makes small errors; does not perform the basic movements accurately. Deduction of 0.1 point per small mistake in accurate performance point shall be deducted each time a stance (Apgubi, Dwigubi, Beomseogi and all the other standing movements and positions), hand or foot technique (Makki, Jireugi, Chigi and all the other hand and foot movements) is not performed as explained in the attached Poomsae Competition Guidelines.

1.2.3. Major mistake in accuracy points shall be deducted a 0.3 deduction when incorrect actions or techniques are performed or correct techniques or actions are omitted (i.e., serious deviations from the Poomsae as described in the Taekwondo Textbook).

1.2.4. Examples:

1.2.4.1. Eolgul Makki is performed instead of Arae Makki

1.2.4.2. Dwigubi is performed instead of Juchum Seogi

1.2.4.3. Kihap (yell) or jitzikgi (stomp) is not made or made in the wrong place

1.2.4.4. Brief stops during movements (forgetting the next movement for three seconds or longer)

1.2.4.5. Looking in the wrong direction (eyes should be focused in the direction of movement but should not anticipate the next direction of movement)

1.2.4.6. When the raised foot touches the ground when performing Hakdari-Soegi

1.2.4.7. Jitzikgi (stomping) movement without enough power and sound

1.2.4.8. When the contestant makes loud breathing (e.g., hissing) noises

1.2.4.9. 0.6 point shall be deducted from each judges' score, when the contestant restarts Poomsae regardless of the number of movements performed and deductions received in the previous attempt.

1.3. Presentation

1.3.1. Basic total score (6.0 Points)

1.3.2. Deduction of points in presentation shall be made for the overall performance of the Poomsae, not for every small or serious mistake during the performance:

1.3.2.1. 2.0 points for speed and power

1.3.2.2. 2.0 points for control of rhythm & tempo

1.3.2.3. 2.0 points for expression of energy

1.3.3. Speed and Power (2.0 Points)

1.3.3.1. Ability to perform Poomsae shall be evaluated on whether the movements are performed in accordance with the characteristics of the pertinent movement; for example, attacking techniques such as Jireugi or Chagi, are best performed with a soft start, accelerating with a balance between speed and power, using the body weight to achieve a maximum effect; or, special movements are performed slowly, and intentionally, with power and balance.

1.3.3.2. Example: Deduction shall be made if too much strength is revealed in the beginning of the movements, as this slows down the movement and reduces the power and effectiveness of the movement.

1.3.3.3. Example: Deduction shall be made if the contestant exaggerates a movement beyond the culmination of that movement to show power in the next movement or exaggerates the reaction of the body to express power.

1.3.4. Rhythm & Tempo (2.0 Points)

1.3.4.1. Control of power means the greatest power is shown at the most critical moment of the movement, usually the culmination, through speed and softness.

1.3.4.2. Control of speed means an appropriate connection between actions and changes in speed, such that powerful moves accelerate.

1.3.4.3. Rhythm means repeated actions are performed with timing that results in the technique being most effective to accomplish the intended result, and flow of power with the greatest expression of power occurring at the instant of the strike, block or kick.

1.3.4.4. Example: Too much power makes the movement look stiff and robotic from the start; deductions shall be made if the speed, power and rhythm are presented with no changes from the start to the end of the lines of movements.

1.3.4.5. Example: Deductions shall be made in case of stiff or limp actions coming from a stiff body or a too soft presentation without expression of power. A strong start makes it difficult to accelerate, and slows down the action at the critical point of the movements.

1.3.5. Expression of Energy (2.0 Points)

- 1.3.5.1. This category addresses the presentation of confidence and power that come from mastering the expression of energy. The range of movement of techniques, concentration, courage, sharpness, confidence, and posture effect how energy is expressed according to the characteristic actions of the Poomsae. Such characteristics as the direction of sight and focus of the eyes, strength of the kihap (yelling), attitude and uniform all contribute to the overall expression of energy.
- 1.3.5.2. Example: Deductions shall be made if actions are not crisp and powerful, or connecting actions are not big enough for the performer's physique, or the performance is made in the same rhythm throughout without slowing and accelerating to emphasize techniques.

1.4. Deduction of Points

- 1.4.1. 0.3 points shall be deducted from the final score in case the performance is finished later than the set contest time.
- 1.4.2. 0.3 points shall be deducted from the final score if the contestant crosses the boundary line with two feet during performance.

1.5. Score Calculation

- 1.5.1. Accuracy shall be scored separately from presentation.
- 1.5.2. Final score shall be the average of the judges' scores for accuracy (the highest and lowest judge scores dropped before calculating the average) and the average of the judge's scores for presentation (the highest and lowest judge scores dropped before calculating the average). If using the three-judge format, the highest and lowest score will not be dropped.
- 1.5.3. The publication of the score shall show the score for Accuracy, the score for Presentation and the Total Score.
- 1.5.4. All penalties accumulated during the competition shall be deducted from the final score.

2.1.1.2. Multiple kicks in a jump: Points shall be awarded based on the performance level of multiple kicks and the number of kicks in a jump.

2.1.1.3. Gradient of turn in a spin kick: Points may be awarded based on the number or degrees of turn (i.e. 360 degrees, 540 degrees and 720 degrees) in spin kicks.

2.1.1.5. Acrobatic kicking technique: Points shall be awarded based on the mastery and performance level of acrobatic kicking technique.

2.1.1.6. Basic movements & practicability of movements: Points may be added from 0 up to 1.0 for accuracy in basic movements of Taekwondo and designated technical movements of Taekwondo. Whether the movements appear to be practicable, whether there is an appropriate connection between attacks and defenses, and whether the movements are in perfect harmony shall be the criteria for evaluating general performances of the free-style Poomsae.

2.2. Presentation

2.2.1. Points may be awarded from 0 up to 4.0 based on the general performance of the Freestyle Poomsae.

2.2.2. Creativity: Points may be awarded based on the creativity of the actions and components of the Poomsae.

2.2.3. Harmony: Points may be awarded based on the harmony and balance between different components of the Poomsae (music, choreography, and attire for example). Harmony, balance, or synchronicity between or among the performers (unity, for example) shall be also evaluated in the case of team and pairs contests.

2.2.4. Expression of energy: Points may be awarded for accurate expression of energy in the Poomsae, as described in Recognized Poomsae, above.

2.2.5. Music and choreography: Points may be awarded based on how the music and the choreography contribute to the performance of the Poomsae.

2.3. Deduction of Points

2.3.1. 0.3 points shall be deducted from the final score in case the performance is finished earlier or later than the set contest time.

The publication of the score shall show the score for Technical Skills, the score for Presentation and the Total Score.  - 3.2. The recorder shall report the final score to the Referee, following the deletion of the highest and lowest scores, and announce the final score or have the final score displayed. In the case of the three-judge format the highest and lowest score will not be dropped.

Article 18. Decision and Declaration of Winner

1. The winner shall be the contestant who is awarded the highest total points.
 - 1.1. In case of a tied score, the winner shall be the contestant with the higher score in presentation (for Recognized Poomsae) or in technical skills (for Freestyle Poomsae) or Freestyle Poomsae points (for Mixed Poomsae Competition). In case the scores are still tied, then the contestant with the higher total points (including all judge's scores, the highest and lowest not dropped) shall be the winner. In case the scores are still tied after the highest and lowest scores are added back, a rematch shall be conducted to determine the winner. The Tournament Committee will designate the Poomsae to be performed.
 - 1.2. The rematch will consist of performing one compulsory Poomsae designated by the Tournament Committee. The previous scores will not affect the scores of the rematch.
