

## **Athlete Safety Procedures for USA Diving Event Organizers\***

***(\*If the event is a National Event run by the National Office, these items will be conducted by the National Office Staff with support of the local Meet Director/Host. If the event is locally run and not a National Event, these items will be conducted by the Meet Director/Host.)***

### **Overview**

The USA Diving Athlete Safety Procedures for USA Diving Event Organizers (also referred to as the Quality Control System) outline the required Athlete Safety elements for USA Diving sanctioned events. This applies to National-level events that are run by the National Office Staff as well as local events run by USA Diving Member Clubs. Any event may be audited at any time by USA Diving and/or the U.S. Center for SafeSport.

In addition to this document, Event Organizers must abide by the USA Diving Bylaws (<https://www.usadiving.org/resources/bylaws-and-policies>), the USA Diving Athlete Safety Policy and the Minor Athlete Abuse Prevention Policies (MAAPP) (<https://www.usadiving.org/resources/safe-sport>).

### **Section 1: Event Access Requirements**

The following Event Participants (including those who register onsite) will be required to complete a USA Diving Background Screening, the U.S. Center for SafeSport Training and have a current USA Diving Membership. If it is determined that anyone listed below does not have these requirements, they will not be allowed to participate.

- Those Athlete Participants who are 18 or above, and those who are turning 18 by December 31 of the current year
- Coach Participants
- Judge/Official Participants
- Meet Directors
- Medical Personnel (Athletic Trainers, Massage Therapists, Medical Staff, etc.)
- Any Volunteers or others who have regular contact or authority over Athletes. Please note, these requirements do not apply to all Volunteers. If you have questions pertaining to the role of a Volunteer and the need for the above requirements, please contact [USADiving@USADiving.org](mailto:USADiving@USADiving.org). USA Diving does offer a Volunteer Membership that requires a USA Diving Background Screening and Safe Sport Training. This can be offered to those

volunteering that fit this description.

**Registration must be conducted via Dive Meets to ensure that these requirements are met for Coach members and Athlete members.** Requirements of Judges/Officials, Meet Directors, Medical Personnel, and any additional people that fit the above description may be verified by USA Diving by contacting [USADiving@USADiving.org](mailto:USADiving@USADiving.org).

The following individuals are not required to complete a USA Diving Background Screening, the U.S. Center for SafeSport Training or have a current USA Diving Membership:

- Media
- Vendors
- Volunteers that do not have regular contact or authority over Athletes

Please note that all individuals in both lists above will need to be checked against the USA Diving Permanently Ineligible, Suspended and Jurisdictional Hold Lists. The Permanently Ineligible and Suspended lists are linked below. The Jurisdictional Hold list is not for public viewing but is available in the email confirmation you will receive once you sanction the event.
