That means no athletes, directors, officers, employees, contractors, members, committee members, task force members, hearing panel members, and volunteers may threaten, harass, discriminate against, or take any negative employment (where applicable) or participation related action (e.g., discharge, demotion, suspension, non-assignment, negative review) on that basis. Any such retaliation can be reported as described above in the same way as any other policy violation. It will be treated as a violation of the USA KARATE Whistleblower Policy and USA KARATE Code of Conduct and may lead to serious consequences including termination of employment or participation for anyone involved in retaliation.
