USA KARATE - COMPETITION RULES

ARTICLE 1: GENERAL RULES FOR USA KARATE COMPETITIONS

The competition rules for all tournaments, matches, and competitions sanctioned by USA National Karate-do Federation (USA Karate) shall be as stated herein. These rules shall be used in all sanctioned competitions, without modification or amendment except as allowed by these rules. These rules, or any part thereof, may be modified or amended by USA Karate at any time. USA Karate may authorize additional rules as needed for a particular event, tournament, match, or competition. Whenever a specific rule conflicts with a more general rule, the specific rule takes precedence. These rules shall apply to all competitors, Officials, Administrators, and other Personnel for all competitions sanctioned by USA Karate.

All USA Karate Signature Event divisions are subject to change or modification by the Referee Operations Committee for a particular event. Events which are not classified as USA Karate Signature Events are subject to modifications as approved by the Tournament Director and/or designated Chief Referee for each event. The USA Karate Referee Operations Committee shall designate a Chief Referee for all Signature Events and Team Trial Competitions.

These rules are based upon the rules adopted by the World Karate Federation (WKF) for use in international competition. For all international and elite divisions, and to select competitors for the United States National Karate Team, the WKF/international rules without modification shall be used to conduct all such team selection divisions.

ARTICLE 2: CATEGORIES FOR USA KARATE COMPETITIONS

The Kumite and Kata competitions shall be divided into appropriate categories or divisions based upon age, gender, and experience. USA Karate may offer additional divisions for senior male and/or female athletes who are thirty-five years of age or over. USA Karate reserves the right to create categories or divisions for para-karate competitors. For USA Karate Signature Events, the bout duration and/or point spread/ceiling may be adjusted at the discretion of the Chief Referee and Tournament Director. An announcement identifying any changes shall be made at the preliminary Coach/Referee briefing.

COMPETITION AGE CATEGORIES		
USA KARATE CATEGORIES	AGE	KUMITE DURATION
Child(ren): Male/Female	11 years & younger	1:30
Junior Cadet: Male/Female	12-13 years old	1:30
Cadet: Male/Female	14-15 years old	1:30
Junior: Male/Female	16-17 years old	1:30
Senior: Male/Female	18 years and older	1:30
Masters: Male/Female	35 years and older	1:30

ARTICLE 3: EXPERIENCE CATEGORIES

The experience categories for USA Karate competition shall be as follows:

Beginner	8 th Kyu & under;	less than 1 year of training
Novice	7 th Kyu - 5 th Kyu;	1 to 2 years of training
Intermediate	4 th Kyu - 2 nd Kyu;	2+ to 4 years of training
Advanced	1 st Kyu & higher;	4+ years of training

4th – 2nd kyu must compete in Intermediate divisions or higher. 1st kyu and Black Belts must compete in Advanced Divisions or Elite.

An athlete who participates in an Elite Division may compete in an Advanced Division in another category. (Ex: Athletes may compete in Elite Kumite AND Advanced Kata but may not compete in Elite Kumite AND Advanced Kumite). However, an athlete who will advance in divisions due to changing ages between a Team Trial Event and a PKF/International Event may compete in their current age Advanced Division as well as the Elite Division in the same category for the next age bracket.

Athletes who medal in any skill level must move up to the next higher skill level the following year. (Ex: An Athlete who medaled in a Novice Division in 2023 must compete in the Intermediate or higher in 2024).

The placement of athletes in the correct skill level is the responsibility of both the athlete and their Coach/Instructor. Should an Athlete be found to have misrepresented their skill level actions may be taken against both the Athlete and/or the Coach/Instructor.

No competitor may compete in a division designated for members of the opposite sex unless that member has met the guidelines set forth in the USA Karate Transgender Policy.

ARTICLE 4: RULE VIOLATIONS

In the event these rules are violated, USA Karate, by and through its duly authorized representatives, may impose one or more of the following sanctions: verbal reprimand, written warning, monetary fine, disqualification or suspension.

All such disciplinary sanctions imposed shall be subject to review according to Section 14 of the Bylaws of this Federation but shall be effective immediately upon imposition. Any athlete who is disqualified for violation of any regulations of prohibited substances shall forfeit any titles and/or honors awarded and shall promptly return any medal and/or other awards. Examples of prohibited behaviors that would merit the imposition of sanctions include making a false or fraudulent statement regarding age or experience, entering under an assumed name, grossly unsportsmanlike conduct, theft, or any other act contrary to the recognized principles of karate-do.

KUMITE RULES

ARTICLE 1: KUMITE COMPETITION AREA

1. The competition area must be an eight-meter matted square (measured from the outside) for USA Karate Signature Events. To mark the boundary, the mats in the outer one-meter area shall be in a different color than the rest of the competition area. For other tournaments, the use of mats is optional but strongly encouraged. Where mats are not used, the competition area may be defined by marking the boundaries with colored tape.

2. There shall be a minimum of an additional two meters on all sides of the competition area as a safety area. This may be reduced to 1.5 meters to accommodate number of Tatami where the sports hall has insufficient space for 2 meters.
3. The starting position for the competitors shall be located one meter on each side of the center of the mat. Two mats of a different color than the competition area shall be used to designate these starting positions.
4. The Referee (**SHUSHIN**) will be standing centered between the competitors at a distance of two meters from the center of the competition area.

5. Each Judge (**FUKUSHIN**) will be seated at the corners of the mat in the safety area. Each Judge will be equipped with a red and a blue flag or electronic signal device.
6. The Referee may move around the entire Tatami, including the safety area where the Judges are seated.
7. The Match Supervisor (**KANSA**) shall be seated just outside the safety area, behind and to the left or the right of the Referee, equipped with a whistle.
8. The Score Supervisor will be seated at the official score table, between the scorekeeper and the timekeeper.
9. The competition area may be elevated to a height of up to one meter above floor level. The elevated platform should measure at least twelve meters to a side, to include both the competition and safety areas. If the competition area is elevated the safety area shall be increased to a minimum of three (3) meters.

10. Coaches will be seated outside the safety area, on their respective sides at the side of the Tatami towards the official table. Where the tatami area is elevated, the Coaches will be placed outside the elevated area behind their competitors.
11. Coaches' chairs (ringside or waiting area) are provided for and should only be occupied by those credentialed Coaches whose athletes are actively engaged in competition in any given ring/tatami. Competitors may not be seated on the coaches' chairs.

ARTICLE 2: ATTIRE AND PROTECTIVE EQUIPMENT

1. All Officials, competitors and Coaches must wear the official uniform as described below. This uniform must be worn during all courses, briefings, and competitions.
2. The Chief Referee may disbar any Official, competitor or Coach who does not comply with this regulation. In cases of minor deviation from the official uniform, the Chief Referee may allow participation of the Official or competitor, provided that the deviation does not distract from the dignity of the competition or prejudice any other Official or competitor.
3. Competitors, Officials and Coaches may only wear religious headwear that has been approved by USA Karate.
4. Any attire and protective equipment approved by WKF shall also be accepted by USA Karate.

REFEREES AND JUDGES

2. The Chief Referee and Tournament Director reserve the right to allow the blazers to be removed during the competition or a portion of a competition.

COMPETITORS

1. All competitors must wear a white unmarked Karate-Gi without stripes or piping or personal embroidery. At the USA Karate Signature Events only the approved USA Karate patch or National Flag may be worn. This must be worn on the left breast of the jacket and shall not exceed an overall size of 12cm by 8cm. These dimensions may apply to either height or width. Only the original manufacturer's labels may be displayed on the gi and in the normally accepted locations.
2. In addition, an identifying number issued by the Chief Referee and Tournament Director may be worn on the back, sleeve, or breast area of the gi jacket.
3. With prior written approval by the Chief Referee and Tournament Director, competitors may display special labels or trademarks of approved sponsors.

4. One competitor must wear a red belt and the other a blue belt. The red and blue belts must be around five centimeters wide and of a length sufficient to allow fifteen centimeters free on each side of the knot and not longer than three-quarters thigh length. The belts are to be of plain red and blue color, without any personal embroidery, advertising, or markings other than the manufacturer's label.
5. The gi jacket, when tightened around the waist with the belt, must be of minimum length that covers the hips, but must not be more than three-quarters thigh length.
6. Female competitors may wear a plain white T-shirt beneath the gi jacket.
7. Jackets without ties may not be used. The jacket ties holding the jacket in place must be tied at the beginning of the match. If they are torn off during the match, the competitor is not required to change the jacket for that bout.

13. Competitors must have short fingernails and toenails and must not wear jewelry or other objects that might injure their opponents.
14. The use of orthodontic appliances or braces must be approved by the Referee and the Official Doctor. The competitor accepts full responsibility for any injury.
15. **Protective Equipment:**
 - A. USA Karate-approved fist pads, shin pads and instep protectors are required in all USA Karate divisions. Although approved red and blue fist pads are required, competitors may opt to use the white USA Karate-approved shin pads and instep protectors.
 - B. Mouthguards are required in all divisions.
 - C. Competitors may wear USA Karate-approved body protection.
 - D. Groin protectors are required in all divisions for male competitors.
 - E. Competitors 13 years old and under **must** wear a USA Karate approved helmet. **In order to provide competitors with a transition period, this requirement will be enforced effective January 1, 2024.** Facemasks and chest protectors are permitted but are not required.

- F. Glasses are forbidden; soft contact lenses may be worn at the competitor's own risk. Competitors, at their own risk, may elect to wear shatter-proof, athletic safety goggles of an approved design.
- G. The use of bandages, padding, or supports because of injury must be approved by the Referee on the advice of the Official Doctor. No braces that include any metallic parts shall be used. The Referee shall make the final decision as to the permitted use of items or products applied or adhered to the competitor related to medical treatment, such as tape or other supportive or corrective materials.
- H. If a competitor comes into the match area inappropriately dressed, the competitor shall be given two minutes to remedy matters. If the competitor is identified as inappropriately dressed, the competitor automatically forfeits the presence of their Coach during that match.

COACHES

- 1. While on the competition floor or staging area, Coaches shall always wear a tracksuit and visibly display their official identification.
- 2. Cameras and phones may not be used while Coaches are on the competition floor.

ARTICLE 3: ORGANIZATION OF KUMITE COMPETITION

- 1. Definitions
 - A. A “**bout**” refers to an individual competition between two competitors.
 - B. A “**match**” refers to the total of all bouts between the members of two teams.
 - C. A “**round**” is a discrete stage in a competition leading to the eventual identification of finalists. In an elimination Kumite competition, a round eliminates fifty percent of competitors within it, counting byes as competitors. In this context, the round can apply equally to a stage in either primary elimination or repechage.
- 2. The Kumite competition consists of individual divisions (divided by age, gender, weight, and experience categories) and team competitions divided by gender (without weight categories).
- 3. No competitor may be replaced by another in an individual bout.
- 4. Individual competitors or teams that do not present themselves when called shall be disqualified (**KIKEN**) from that category. In team matches, the score for the bout not taking place will be set to 8-0 in favor of the other team.
- 5. Disqualification by **KIKEN** means that the competitors are disqualified from that category, although it does not affect participation in another category. When announcing disqualification by KIKEN the Referee will signal by pointing his/her finger towards the side of the missing competitor or team, announcing “AKA/AO KIKEN”, and then “AKA/AO no KACHI” giving the signal for KACHI (win) for the opponent.

6. **Team Matches:**

- A. Male teams must have at least three competitors, and female teams must have at least two competitors. A team with less than the required number of competitors shall forfeit the match (**KIKEN**).
- B. The competitors are all members of a team. There are no fixed reserves.
- C. Before each match an Official Form defining the names and fighting order of the competing team members must be presented by the Coach or team representative. If the Coach hands in the form, she/he must have the appropriate credentials, or the form may be rejected.
- D. When lining up before a match, a team shall present the actual fighters for that round. The unused fighter(s) and the Coach shall sit in an area set aside for them.
- E. The fighting order may be changed each round.
- F. A team shall be disqualified (**SHIKKAKU**) if any of its members or its Coach changes the team's composition without submitting the written fighting order before the match.
- G. In team matches where an individual loses by **KIKEN**, **HANSOKU** or **SHIKKAKU**, the score for the disqualified competitor will be set to zero, and a score of 8-0 will be recorded for that bout in favor of the other team.

7. **Tournament Systems:** The Tournament Systems used in USA Karate include, but are not limited to, Single Elimination, Double Elimination, Repechage and Round Robin (Pool Play). The USA Karate Referee Operations Committee and the Tournament Director may adjust the tournament system used for a competition or individual divisions within the competition. The following tournament systems are planned to be used at USA Karate Signature Events:

- A. Junior International Cup – Single Elimination
- B. USA Open – Repechage
- C. National Championships – Repechage

ARTICLE 4: THE REFEREE PANEL

- 1. The Referee Panel for each bout shall consist of one Referee (**SHUSHIN**), four Judges (**FUKUSHIN**), and one KANSA. In addition, for the purpose of facilitating the operation of matches, several timekeepers, caller-announcers, and record keepers shall be appointed.
- 2. As needed, due to the availability of Officials, the Referee Panel may consist of two (2) instead of four (4) Judges as determined by the Chief Referee. The two (2) Judges will sit in the Judge 2 and Judge 3 locations. In the event the two-judge system is utilized, the rules found in APPENDIX 3:.
- 3. At the start of a Kumite match the Referee stands on the outside edge of the match area facing toward the center of the mat. On the Referee's left stand Judges numbers 1 and 2, and on the right stand Judges numbers 3 and 4.

4. After the formal exchange of bows by the competitors and the Referee Panel (Referee and Judges), the Referee takes a step back and the Judges turn inward and all bow together then take up their positions.
5. When changing the entire Referee Panel (Referee and Judges), the departing Officials, except the **KANSA**, take up position as at the start of the bout or match, bow to each other and then leave the area together.
6. When individual Judges change, the incoming Judge goes to the outgoing Judge, they bow together and change positions.
7. In team matches, provided that the entire Panel holds the required qualification, the positions of Referee and Judges may be rotated between each bout. If one or more officials do not hold the required qualification as Referee, they will remain as sitting Judges and be omitted from the rotation.
8. Conflicts of Interests: Officials may not referee a competitor who is from the Official's dojo, karate organization or have any other affiliation. Officials shall not officiate any competitor with whom their relationship may project an appearance of bias or conflict of interest. Example: your best friend's son or daughter or someone with whom you vacation. It remains the duty of any official to self-report on any possible conflict of interest before the bout or match starts.

ARTICLE 5: DURATION OF A BOUT

Duration of kumite bouts for all USA Karate divisions are one minute thirty seconds (1:30).

1. The bout starts when the Referee gives the signal to start and stops each time the Referee calls "YAME."
2. The timekeeper shall give signals by a clearly audible gong or buzzer indicating "15 seconds to go" or "time up." The "time up" signal marks the end of the match.
3. Time keeping shall be by "stop time," however, the Chief Referee may determine that "running time" may be used in beginner or novice or intermediate divisions.
4. Competitors are entitled to one minute thirty seconds (1:30) between bouts for the purpose of rest and equipment changes. When the color of equipment is being changed, the time is extended to five minutes.

ARTICLE 6: KIKEN – FAILURE TO APPEAR AT THE TATAMI

1. **KIKEN** is the decision given, when a competitor or competitors fail to present themselves when called, are unable to continue, abandon the bout, or are withdrawn on the order of the Referee. The grounds for abandonment may include injury not ascribable to the opponent's actions.
2. Forfeiture by **KIKEN** means that the competitors are disqualified from that category, although it does not affect participation in another category.

ARTICLE 7: STARTING, SUSPENDING AND ENDING OF MATCHES

1. The terms and gestures to be used by the Referee and Judges in the operation of a match shall be as specified in the Appendices.
2. For each round there will be a bowing ceremony starting with the Referee first having competitors and officials face the United States Flag or the Head Table and bow **SHOMEN NI REI** followed by a bow to each other, **OTAGAI NI REI**. The Referee Panel will then bow to each other and shall take up their prescribed positions. At the end of the bout(s) the bowing ceremony is done in the opposite sequence.
3. At the beginning of each bout the Referee shall stand at the edge of the Competition Area. The two competitors will also stand at the edge of the Competition Area on their designated sides. At the Referee's signal, all shall take up their prescribed positions. The competitors shall stand at the front and center of their assigned areas and the Referee shall stand two meters from the center of the Competition Area between the competitors.
4. The competitors must bow properly to each other at the start and the end of the bout – a quick nod is both discourteous and insufficient. After the competitors bow the Referee will announce "**SHOBU HAJIME**" and the bout will commence.
5. The Referee will stop the bout by announcing "**YAME.**" If necessary, the Referee will order the competitors to take up their original positions (**MOTO NO ICHI**).
6. The Referee returns to the starting position and the Judges will indicate their opinions by means of a signal. In the case of a score to be awarded the Referee identifies the competitor (**AKA** or **AO**), the area attacked (**JODAN** or **CHUDAN**), and then awards the relevant score (**YUKO**, **WAZA-ARI** or **IPPON**) using the appropriate gesture. The Referee then restarts the match or bout by calling "**TSUZUKETE HAJIME.**"
7. The bout ends where there is a clear lead of eight (8) points, or when time is up. The competitor who has the most points is declared the winner, indicated by the Referee raising a hand on the side of the winner, and declaring "**AKA/AO NO KACHI.**" The match or bout has ended at this point.
8. In the event of a tied score at the end of an inconclusive bout the Referee Panel (the Referee and the four Judges) will decide the bout by **HANTEI**. The four judges will immediately give the signal after the Referee calls for "**HANTEI**" when he/she blows the whistle. The Referee will thereafter raise his/her arm and declare the winner; "**AO (AKA) NO KACHI**", and if necessary, by this action, break the tie.
9. When faced with the following situations, the Referee shall call "**YAME**" and halt the match or bout temporarily:
 - A. When either or both competitors are out of the match area.
 - B. When a Referee orders a competitor to adjust the Karate-Gi or protective equipment.
 - C. When a competitor has contravened the rules.
 - D. When the Referee considers that one or both competitors cannot continue with the bout due to injuries, illness, or other causes. Considering the doctor's opinion, the Referee shall decide whether the match or bout should continue.

- E. When a competitor seizes the opponent and does not perform an immediate technique or throw.
- F. When one or both competitors fall or are thrown and neither competitor manages to immediately follow up with a scoring technique.
- G. When both competitors seize or clinch with each other without immediately succeeding in executing a throw or a scoring technique or respond to **WAKARETE**.
- H. When both competitors stand chest to chest without immediately attempting a throw or other technique and do not respond to **WAKARETE**.
- I. When one or both competitors are off their feet following a fall or attempted throw and begin to wrestle.
- J. When a score is indicated by two or more Judges for the same competitor.
- K. When, in the opinion of the Referee, there has been a foul committed, or the situation calls for halting the bout for safety reasons.
- L. When requested to do so by the KANSA or the Tatami Manager.
- M. For any other reason that the Referee deems necessary.
- N. In situations where there is more than one reason for stopping the match the Referee will address each situation in turn. For example, where there has been a score from one competitor and a contact from the other, or where there has been a **MUBOBI** and an exaggeration of injury from the same competitor. The point should be awarded first followed by the penalty.

ARTICLE 8: SCORING

- 1. A score is awarded to a competitor when two or more judges indicate a score.
- 2. Points are scored by a traditional karate technique with the hand or foot executed with control to a permitted scoring area.
- 3. If a competitor scores with more than one consecutive technique before the bout has been stopped, the competitor will be awarded the successful scoring technique of the higher point value. Example: If a kick followed a successful punch, the point for the kick would be awarded regardless of whether the punch scored first, since the kick has a higher point value.
- 4. Scoring Areas:
 - A. **CHUDAN**: (A) Above the Pelvis, (B) Abdomen, (C) Chest, (D) Back, and (E) Side
 - B. **JODAN**: (A) Head, (B) Face, and (C) Neck
 - C. A technique that lands on the shoulder blades may score. The non-scoring part of the shoulder is the junction of the upper bone of the arms with the shoulder blades and collarbones.
 - D. The neck is a target and so is the throat. However, no contact to the throat is permitted, although a score may be awarded for a properly controlled technique which does not touch.

5. Scores are as follows:

<i>Vocabulary</i>	<i>Technical Criteria</i>
IPPON (3 points) is awarded for:	1. JODAN kicks. JODAN being defined as the head, face, and neck. 2. Any scoring technique which is delivered on an opponent while any part of the opponent's body, other than their feet, is on the tatami.
WAZA-ARI (2 points) is awarded for:	1. CHUDAN kicks. 2. CHUDAN being defined as the abdomen, chest, back and side.
YUKO (1 point) is awarded for:	1. Any punch (Tsuki) delivered to any of the seven scoring areas. 2. Any strike (Uchi) delivered to any of the seven scoring areas.

6. A score is awarded when a controlled technique is performed according to the following criteria to a permitted scoring area:
- A. **Good Form:** Properly executed technique - having characteristics conferring probable effectiveness within the framework of traditional karate concepts.
 - B. **Sporting Attitude:** is a component of good form and refers to a non-malicious attitude of great concentration obvious during delivery of the scoring technique.
 - C. **Vigorous Application:** defines the power and speed of the technique and the palpable will for it to succeed.
 - D. **Awareness (Zanshin):** is the state of continued commitment in which the competitor maintains total concentration, observation, and awareness of the opponent's potentiality to counter-attack. He/she does not turn his/her face away during delivery of the technique and remains facing the opponent afterwards.
 - E. **Good Timing:** means delivering a technique when it will have the greatest potential effect.
 - F. **Correct Distance:** similarly means delivering a technique at the precise distance where it will have the greatest potential effect. Thus, if the technique is delivered on an opponent who is rapidly moving away, the potential effect of that blow is reduced.
7. **Proper Distance:**
- A. Hand and foot techniques to the **CHUDAN** area may be delivered with controlled impact without causing injury to the opponent. A loss of breath by the recipient of a blow does not in itself indicate lack of control. When determining the amount of contact, the age and experience level of the competitors must be considered.
 - B. Competitors 16 years or older:
 - C. Techniques to the **JODAN** area can score when stopped within **5 cm** of the target for kicks and **2 cm** for hand techniques but may be delivered with light touch (skin touch) without causing impact - with exception to the throat area where no physical contact is allowed.
 - D. "Skin touch" with hands and feet are permitted for competitors **16 years or older**.

- E. Competitors 12 to 15 years old
 - F. For competitors **12 to 15 years old**, **JODAN** techniques can score when stopped within **10 cm** of the target for kicks and **5 cm** for hand techniques.
 - G. For **12- to 15-year-old** competitors, “skin touch” is allowed for kicks only. Hand contact to the head will be penalized.
 - H. Competitors 11 and younger
 - I. No head contact of any kind is permitted for competitors **11 years and under**.
 - J. For competitors **11 years old and younger**, **JODAN** techniques can score when stopped within **10 cm** of the target.
 - K. “Skin touch” is defined as touching the target without transferring energy into the head or body.
8. **A technique is invalid if:**
- A. executed after the time-up signal or the Referee calling “**YAME**”.
 - B. executed upon or after “**WAKARETE**” before “**TSUZUKETE**” has been called.
 - C. executed when the performer is outside the competition area (**JOGAI**).
 - D. followed by a foul – with the exception of **JOGAI**.
 - E. the competitor turns their back to the opponent after a technique (lack of awareness).
 - F. it follows a violation of the rules (such as excessive contact, holding, grabbing etc.).
9. **Scoring Notes:**
- A. An effective technique delivered at the same time that the end of the bout is signaled is considered valid. A technique, even if effective, delivered after an order to suspend or stop the bout shall not be scored and may result in a warning or penalty being imposed on the offender.
 - B. No technique, even if technically correct, shall be scored if it is delivered when the two competitors are outside the competition area. However, if one of the competitors delivers an effective technique while still inside the competition area and before the Referee calls “**YAME**,” the technique shall be scored.
 - C. No technique, even if technically correct, shall be scored after the Referee signals **WAKARETE** and before the **TSUZUKETE** command is given.
 - D. A technique, delivered by a competitor who is lying on the ground, may be awarded if it meets all six scoring criteria.
 - E. The time-up bell signals the end of scoring possibilities in that bout, even though the Referee may inadvertently not halt the bout immediately. The time-up bell does not however mean that warnings or penalties cannot be imposed. Penalties can be imposed by the Referee Panel up to the point where the competitors leave that area.

- F. If two competitors hit each other at the exact same time, the scoring criterion of “good timing” has by definition not been met, and the correct judgment is to not award a point. Both competitors may however receive points for their respective scores if they each have two flags in their favor and the scores both happen before “**YAME**” and before the time signal.
- G. For reasons of safety, throws where the opponent is being grabbed below the waist, thrown without being held onto, or thrown dangerously, or where the pivot point is above the thrower’s belt level, are prohibited and shall incur a warning or penalty. Exceptions are conventional karate leg sweeping techniques that do not require the opponent to be held while executing the sweep, such as ashi-barai, kouchi-gari, kani waza, etc. After a throw has been executed the Referee will allow the competitor time to immediately attempt a scoring technique.
- H. Divisions for 11 years old and under are not permitted to attempt leg sweeps of any kind.
- I. A point may be signaled, even if the Judge cannot see the actual point of impact, if the technique itself is executed correctly and can be observed to obviously not have been obstructed in reaching its target.

ARTICLE 9: PROHIBITED BEHAVIOR

1. The following behaviors are prohibited:

- A. Techniques that make excessive contact, having regard to the scoring area attacked, and techniques that make contact with the throat.
- B. Attacks to the arms or legs, groin, joints, or instep.
- C. Attacks to the face with open hand techniques.
- D. Techniques executed after “**WAKARETE**” but before “**TSUZUKETE**” has been called.
- E. Dangerous or forbidden throwing techniques.
- F. Feigning, or exaggerating injury.
- G. Exit from the competition area (**JOGAI**) not caused by the opponent.
- H. Self-endangerment, such as exposing the competitor to injury by failing to take adequate measures for self-protection (**MUBOBI**).
- I. Avoiding combat as a means of preventing the opponent from having the opportunity to score.
- J. Passivity, such as not attempting to engage in combat. (Cannot be given with fewer than 15 seconds left of the bout). Passivity cannot be given to a competitor that is leading on points or **SENSHU**.
- K. Clinching, wrestling, pushing, or standing chest to chest without attempting a scoring technique or takedown.
- L. Grabbing the opponent with both hands for any other reasons than executing an immediate takedown upon catching the opponent’s kicking leg.

- M. Grabbing the opponent's arm or Karate-Gi with one hand without immediately attempting a scoring technique or takedown.
- N. Techniques which by their nature cannot be controlled for the safety of the opponent and dangerous and uncontrolled attacks.
- O. Simulated attacks with the head, knees, or elbows.
- P. Talking to or goading the opponent, failing to obey the orders of the Referee, discourteous behavior towards Officials, or other breaches of etiquette.

2. **Coaches Conduct:**

- A. The Referee may, based solely on his/her own Judgement, ban from the competition floor any Coach failing to conform to proper conduct, or that in the opinion of the Referee interferes with the orderly conduct of the bout, and postpone the continuation of a bout until the Coach complies. The same authority of the Referee extends to the compliance of other members of the competitor's entourage present on the competition floor.
- B. Only the Coach designated for that specific bout is allowed to coach and guide the competitor from the place allocated to the coach close to the competition area. All other registered and accredited Coaches, or other registered members of the delegation, attending the Signature Events are not allowed to interfere, coach and/or guide the competitor during the same bout at the risk of having their accreditation withdrawn.
- C. Instructions and comments from the Coach must not interfere with the proceedings. The Coach may freely speak to the competitor when the match is halted but must at all times refrain from commenting on judgements.

3. **Excessive Contact:** Traditional karate techniques delivered with full power can cause serious injury. Karate is a contact sport; for that reason, dangerous techniques are prohibited, and all techniques must be controlled. Trained competitors can absorb relatively powerful blows on muscled areas such as the abdomen, but the fact remains that the head, face, neck, groin, and joints are particularly susceptible to injury. Therefore, any technique that results in injury must be penalized, unless caused by the recipient. The competitors must perform all techniques with control and good form. If they cannot, then regardless of the technique misused, a warning or penalty must be imposed.

ARTICLE 10: WARNINGS & PENALTIES

1. Informal Warnings

- A. Informal warnings are used to facilitate the continuity of action without stopping the bout. They are not meant to replace formal warnings when these are appropriate, and the Referee should proceed with formal warnings or penalties as appropriate if the informal warning is not reacted upon by the competitors.
- B. There are two types of Informal Warnings:
 - i. **TSUZUKETE**: To urge the competitors to commence activity by gesturing in the same way as is customary for making the competitors stepping on to the **TATAMI**, combined with the instruction “**TSUZUKETE**.”
 - ii. **WAKARETE**: To break-up a clinch, using the same gesture as is customary for making the competitors step back on the **TATAMI** combined with giving the order “**WAKARETE**” to temporarily stop the action without stopping the clock. The competitors must separate – after which the order “**TSUZUKETE**” is given for resuming action.
- C. A protest addressing alleged scores shall be denied if **WAKARETE** is called by the Referee before the exchange occurs.
- D. When **WAKARETE** is called when a competitor is cornered, the Referee must ensure that the other competitor withdraws sufficiently to disengage before **TSUZUKETE** is called.
- E. **TSUZUKETE**, unless preceded by **WAKARETE**, is not used if there is fewer than 15 seconds left of the bout.
- F. An otherwise correctly executed technique will not be given a score if executed at the same time as **WAKARETE** has been called – but will not be penalized. An uncontrolled technique will be subject to warning or penalty in the normal manner.

2. Official Warnings

There are two degrees of official warnings: **CHUI** and **HANSOKU CHUI**

CHUI Warning	is given, up to three times, for smaller infractions that do not diminish the other competitor's chances of winning.
HANSOKU CHUI Warning of disqualification in the event of further infractions	is given for more serious infractions that reduces the other competitor's chances of winning, or to a competitor for any further infraction if three CHUI has already been given.

3. Penalties

- A. There are two kinds of penalties which are two different levels of disqualification:

HANSOKU Disqualification from the bout.	This is the penalty of disqualification following a very serious infraction or when HANSOKU CHUI has already been given.
--	---

SHIKKAKU Disqualification from the tournament.	This is a disqualification from the entire tournament including any subsequent category the offender may have been registered for. SHIKKAKU may be invoked when a competitor fails to obey the orders of the Referee, acts maliciously, or commits an act which harms the prestige and honor of Karate.
---	---

- B. In instances where both **AKA** and **AO** are disqualified in the same bout by **HANSOKU** or **SHIKKAKU**, the opponents scheduled for the next round will win by bye (and no result is announced).
- C. Serious violations of conduct, discipline, or malicious behavior on or outside the competition area by the competitor or his entourage may cause further disciplinary action from the USA Karate Ethics Committee.
- D. When a situation appears to possibly warrant a disqualification the Referee can call one or more of the Judges for a brief consultation (**SHUGO**) before announcing any decision.

4. Warning and Penalty Application

- A. **Excessive contact:** Where contact is considered by the Referee to be too strong, but does not diminish the competitor's chances of winning, a warning (**CHUI**) may be given.
- B. **Contact causing injury:** Any technique that results in an injury can, unless caused by the recipient, justify a warning or penalty. The competitors must perform all techniques with control and with good form. If they cannot, then regardless of the technique misused, a warning or penalty must be imposed.
- C. **Observation after contact:** The Referee must continue to observe the injured competitor until the bout is resumed and allow adequate time for observation. A short delay in giving a judgement allows injury symptoms such as a nosebleed to develop or reveal any efforts by the competitor to aggravate slight injury for tactical advantage.
- D. **Overreaction to contact:** A slight overreaction will receive a **CHUI**. An obvious display of exaggeration will receive a **HANSOKU CHUI**. A more serious exaggeration such as staggering around, falling on the floor, standing up and falling down again, and so on, may receive **HANSOKU** directly.
- E. **Feigning an injury:** Any instance of feigning an injury, however slight, will receive a minimum warning of **CHUI** while an obvious display of exaggeration will receive a **HANSOKU CHUI**. A more serious exaggeration such as staggering around, falling on the floor, standing up and falling down again, and so on, will receive **SHIKKAKU** directly. Any feigning of an injury from a

technique that in fact has been determined by the judges as a point will, as a minimum, result in **HANSOKU CHUI**.

- F. **Contact to the throat:** Any contact to the throat, unless received by the recipient's own fault, must result in a warning or penalty.
- G. **Throwing techniques** are divided into two types. The established "conventional" karate leg sweeping techniques such as de ashi barai, ko uchi gari, etc., where the opponent is swept off-balance or thrown without being grabbed first - and those throws requiring that the opponent be grabbed by one hand or held as the throw is executed. Throws are not permitted for competitors 11 and under.
- H. **The pivotal point of the throw** must not be above the thrower's hip level and the opponent must be held onto throughout, so that a safe landing can be made. Over the shoulder throws are expressly forbidden, as are so-called "sacrifice" throws.
- I. **Catching a kick:** The only instance where a throw may be performed while holding onto the opponent with both hands is when trapping the opponent's kicking leg. Holding on with both hands is only permitted when grabbing an opponent's kicking leg for the purpose of executing a takedown, and then holding on to the opponent's leg while the other grasping the opponents Karate-Gi or body to break the fall.
- J. **Grabbing the legs:** It is forbidden to grab the opponent below the waist and lift and throw him/her or to reach down to pull the legs from under him/her. If a competitor is injured as a result of a throwing technique, the Referee will decide whether a warning or penalty is called for.
- K. **One hand grabbing:** The competitor may seize the opponent's arm or Karate-Gi with one hand for purpose of executing a throw or a direct scoring technique – but may not keep holding on for continuous techniques.
- L. **Holding on to break a fall:** Holding on to the opponent's Karate-Gi with one hand is permitted to break a fall.
- M. **Exiting the competition area: JOGAI** relates to a situation where a competitor's foot, or any other part of the body, touches the floor outside of the competition area. An exception is when the competitor is physically pushed or thrown from the area by the opponent or is exiting after having scored.
 - i. A competitor who delivers a scoring technique and then exits the area before the Referee calls "**YAME**" will be given the value of the score and **JOGAI** will not be imposed. If the competitor's attempt to score is unsuccessful the exit will be recorded as a **JOGAI**.
 - ii. If **AO** exits just after **AKA** scores with a successful attack, then "**YAME**" will occur immediately on the score and **AO**'s exit will not be recorded. If **AO** exits or has exited as **AKA**'s score is made (with **AKA** remaining within the area), then both **AKA**'s score will be awarded and **AO**'s **JOGAI** will be imposed.
- N. Self-endangerment:
- O. A warning or penalty for **MUBOBI** is given when a competitor is hurt or injured through his or her own fault or negligence. This may be caused by turning their back on the opponent, attacking

without regard for the opponent's counterattack, stopping fighting before the Referee calls "YAME", dropping the guard or repeated failure or refusal to block the opponent's attacks.

- P. Competitors who are hit through their own fault and exaggerate the effect in order to mislead the Judges may receive a warning or penalty for **MUBOBI** as well as an additional warning or penalty for exaggeration, since two offenses have been committed.
 - Q. It should be noted that there are no circumstances in which a technique that has made excessive contact can be given a score.
 - R. **Passivity** refers to situations where neither competitor makes attempts to score, or a single competitor does not attempt to score despite being behind on points or the opponent has a lead because of **SENSHU**.
 - S. Passivity cannot be given to a competitor that has a lead on points or **SENSHU**.
 - T. Passivity cannot be given during the first 15 seconds of a bout
 - U. Passivity cannot be given when there is fewer than 15 seconds left in the bout.
 - V. **Avoiding Combat** refers to a situation where a competitor attempts to prevent the opponent having the opportunity to score by using time-wasting behavior such as constantly retreating without effective counter, holding, clinching, or exiting the competition area rather than allowing the opponent an opportunity to score. Avoiding combat with fewer than 15 seconds of the bout (**ATO SHIBARAKU**) will, as a minimum, result in **HANSOKU CHUI** and loss of **SENSHU**.
 - W. **Not following instructions:** A competitor who refuses to follow the instructions of the Referee or displays a loss of temper will automatically receive **SHIKKAKU**. This penalty may be imposed before, during or after the bout.
 - X. **Foot and Leg Sweeps:** Foot sweeps can cause injury. The Referee must distinguish between a valid leg sweep, or an attack to the leg which must immediately be warned or penalized. Leg sweeps are not permitted for 11 & under divisions
 - Y. Open hand techniques to the face are forbidden due to the danger to the competitor's sight.
 - Z. When a competitor scores immediately followed by another technique which makes excessive contact, the Judges do not award the score and instead the Referee signals for a Category 1 warning or penalty (unless it is the recipient's own fault).
 - AA. Any discourteous behavior from a member of an Official delegation can earn the disqualification of a competitor, the entire team, or delegation from the tournament.
5. **Excessive celebration, political or religious demonstration:** Competitors are expected to respect the ceremony of salutations before and after the bout or match. Any excessive celebration, such as falling on one's knees etc., political, or religious expressions, during or immediately after the bout or match, are prohibited and may be subject to a fine equal to the amount determined by the Board of Directors for the protest fee.

6. **Disqualification of individual competitors in team matches**

- A. **HANSOKU** or **SHIKKAKU**: In team matches the offended competitor's score will be set at eight points and the offender's score will be zeroed.

ARTICLE 11: INJURIES AND ACCIDENTS IN COMPETITION

1. An injured competitor who wins a bout through disqualification due to injury is not allowed to fight again in the Competition without permission from the doctor. No such permission can be given to a competitor that suffered loss of consciousness or otherwise have any symptoms of concussion.
2. **Procedures for Handling Injuries**
 - A. When a competitor is injured, the Referee shall at once halt the bout and call the doctor. The doctor is authorized to diagnose and treat injury only.
 - B. If physically able to do so, the injured competitor should be directed off the mat for examination and treatment by the doctor.
 - C. A competitor who is injured during a bout in progress and requires medical treatment will be allowed three minutes in which to receive it. The Tatami Manager is responsible for instructing the timekeeper to start the 3-minute count. If treatment is not completed within the time allowed, the Referee will decide whether an extension of treatment time shall be given.
 - D. **10 Second Rule:** Any competitor who falls, is thrown or knocked down and does not fully regain his/her feet within ten seconds is considered unfit to continue fighting and shall be automatically withdrawn from all Kumite events in that tournament. If a competitor falls, is thrown or knocked down and does not regain his/her feet immediately, the Referee will stop the bout, call the doctor, and at the same time start a verbal count to ten in the English language indicating his count showing a finger for each second. In all cases where the 10 second count has been started the doctor will be asked to examine the competitor before the bout can resume. For incidents falling under this 10 second rule, the competitor may be examined on the mat. The Tatami Manager must notify the Chief Referee when a competitor has been stopped from further competition based on the 10-second rule. The 10 second rule shall not apply to divisions for ages 11 and younger.
 - E. The Tournament Doctor is authorized to give an opinion on the injured competitor's fitness for continuation only. The Referee will decide the winner on the basis of **KIKEN**, **HANSOKU**, or **SHIKKAKU** as the case may be.
 - F. When the Tournament Doctor declares the competitor unfit, the appropriate entry must be made on the competitor's monitoring card.
 - G. The Referee must be aware of pre-existing injuries.
 - H. Before the start of a match or bout, the Tatami Manager must examine the medical cards and ensure that the competitors are fit to fight. The Referee must be informed if a competitor has been treated for injury.
 - I. The opponent should not be penalized for any pre-existing condition.

3. **Injury of Both Competitors:**

- A. If two competitors injure each other or are suffering from the effects of previously incurred injury and are declared by the Tournament Doctor to be unable to continue, the bout is awarded to the competitor who has amassed the most points or has a lead by **SENSHU**.
- B. In individual bouts, if the point score is equal, then a vote (**HANTEI**) will decide the outcome of the bout, unless one of the competitors has **SENSHU**. In team matches, the Referee will announce a tie (**HIKIWAKE**), unless one of the competitors has **SENSHU**. Should the situation occur in an extra bout for deciding a team match, a vote (**HANTEI**) will determine the outcome, unless one of the competitors has **SENSHU**.

4. **Notes on Injuries**

- A. The Referee must constantly observe an injured competitor until the bout is resumed. A short delay in giving a judgment allows injury symptoms such as a nosebleed to develop. Observation will also reveal any efforts by the competitor to aggravate slight injury for tactical advantage. Examples of this are blowing violently through an injured nose or rubbing the face roughly.
- B. An injured competitor who has been declared unfit to fight by the tournament doctor cannot fight again in that competition. This will not prevent the competitor from competing in another category such as Kata or Kubodo.

ARTICLE 12: CRITERIA FOR DECISION

1. **General**

- A. When two or more Judges signal a score for the same competitor, the Referee will stop the bout and render the decision accordingly. Should the Referee fail to stop the bout the Match Supervisor will blow his/her whistle. When the Referee decides to halt the bout for any reason, he/she will call “**YAME**” at the same time using the required hand signal.
- B. If both competitors have a score signaled by two Judges, both competitors will be awarded their respective points.
- C. If one competitor has a score indicated by more than one Judge and the score is different between the Judges, the **higher** will be applied. The same applies if there are two judges for each competitor with different scores.
- D. If there is majority, but disagreement, among the Judges for one level of score, the majority opinion will always overrule the principle of applying the highest score.
- E. When explaining the basis for a decision after the bout or match, the Referee Panel may speak to the Tatami Manager, the Chief Referee, or the Appeals Jury. They will explain themselves to no one else.

2. Criteria for Deciding the Winner of a bout

- A. The result of a bout is determined by a competitor obtaining a clear lead of eight points; at time-up, having the highest number of points; at equal score having the first unopposed point advantage (**SENSHU**); obtaining a decision by **HANTEI** or by a **HANSOKU**, **SHIKKAKU**, or **KIKEN** imposed against a competitor.
- B. By “first unopposed score advantage” (**SENSHU**) it is understood that one competitor has achieved the first instance of scoring on the opponent without having the opponent also score before the signal. In instances where both competitors score before the signal, no “first unopposed score advantage” is awarded and both competitors retain the possibility of **SENSHU** later in the bout.
- C. No individual bout can be declared a tie. Only in team competition, when a bout ends with equal scores, or no scores, and neither competitor has obtained **SENSHU**, will the Referee announce a tie (**HIKIWAKE**).
- D. In any bout, if after time-up the scores are equal, but one competitor has obtained **SENSHU**, that competitor will be declared the winner.
- E. In any individual bout, where no score has been obtained by either competitor, or the score is equal without any competitor having obtained **SENSHU** the decision will be made based on the following criteria in order of application:
- F. The higher number of **Ippon** scored in the bout.
- G. The higher number of **Waza Ari** scored in the bout.
- H. Should the above not provide a winner, the decision will be by **HANTEI**.
- I. A decision in favor of one or the other competitor is required and is taken based on the following criteria, as evaluated during the entire bout:
- J. The attitude, fighting spirit, and strength demonstrated by the competitors,
- K. The superiority of tactics and techniques displayed and
- L. When deciding the outcome of a bout by vote (**HANTEI**) at the end of an inconclusive bout, the Referee will move to the match area perimeter and call **HANTEI** followed by a two-tone blast of the whistle. The four judges will then immediately give their decision. The Referee will then give a short blast on his/her whistle, return to his/her original position, and will thereafter raise his/her arm and declare the winner; “**AO (AKA) NO KACHI**”, and if necessary, by this action, break the tie.
- M. Should a competitor who has been awarded **SENSHU** receive a warning for avoiding combat (**JOGAI**, running away, clinching, grabbing, wrestling, pushing, or standing chest to chest) when there is fewer than 15 seconds left in the bout the competitor will automatically forfeit this advantage. To indicate the loss of **SENSHU** the Referee will first show the type of infraction and type of warning or penalty given to the competitor, then the Referee shall give the signal for **SENSHU** followed by the signal for annulment (**TORIMASEN**) at the same time announcing **AKA/AO SENSHU TORIMASEN**.

- N. If **SENSHU** is withdrawn with fewer than 15 seconds left of the bout, no further **SENSHU** can be awarded to either competitor.
- O. In cases where **SENSHU** has been awarded, but a successful protest determines that also the other opponent scored, and that a score in fact is not unopposed, the same procedure is used for nullification of **SENSHU**.
- P. In instances where both **AKA** and **AO** are disqualified in the same bout by **HANSOKU**, the opponents scheduled for the next round will win by bye (and no result is announced), unless the double disqualification applies to a medal bout, in which case the winner will be declared by **HANTEI**, unless one of the competitors has **SENSHU**.

3. **Criteria for Deciding the winner of a team match:**

- A. The winning team is the one with the most bout victories including those won by **SENSHU**. Should two teams have the same number of bout victories, then the winning team will be the one with the most points, taking both winning and losing bouts into account. The maximum point difference or lead recorded in any bout will be ten points.
- B. If the two teams have the same number of bout victories and points, then a deciding bout will be held. Each team may nominate one competitor of their team for the purpose of fighting the extra bout, regardless of whether that person already has fought in a previous bout between the two teams.
- C. If the extra bout does not produce a winner based on superiority of points, nor any of the competitors receiving **SENSHU**, the extra bout will be decided based on **HANTEI** according to the same procedure as individual bouts. The result of the **HANTEI** for the extra bout will also determine the result of the team match.
- D. In team matches when a team has won sufficient bout victories or scored sufficient points as to be the established winner, then the match is declared over, and no further bouts will take place.
- E. In team matches, should a team member be disqualified (**HANSOKU** or **SHIKKAKU**), their score for that bout, if any, will be zeroed and the opponent's score will be set at eight points.
- F. In instances where both **AKA** and **AO** are disqualified in the same bout by **HANSOKU**, the opponents scheduled for the next round will win by a bye (and no result is announced), unless the double disqualification applies to a medal bout, in which case the winner will be declared by **HANTEI**, unless one of the competitors has **SENSHU**.

4. Scorekeeping

The Score Supervisor will use the following symbols for registration of points, warnings, and penalties:

3	IPPON	Three-point score
2	WAZA ARI	Two-point score
1	YUKO	One point score
✓	SENSHU	First unopposed point advantage
□	KACHI	Winner
X	MAKE	Loser
▲	HIKIWAKE	Draw
1C	CHUI (first instance)	1 st warning
2C	CHUI (second instance)	2 nd warning
3C	CHUI (third instance)	3 rd warning
HC	HANSOKU CHUI	Warning of disqualification
H	HANSOKU	Disqualification from bout
S	SHIKKAKU	Disqualification from tournament

ARTICLE 13: OFFICIAL PROTEST

1. General Provisions

- A. No one may protest about a judgment to the members of the Referee Panel. Any protest must be submitted to the Tatami Manager.
- B. If a Refereeing procedure appears to contradict the rules, the competitor's Coach is the only one allowed to make a protest.
- C. The protest shall take the form of a written report submitted immediately after the bout in which the protest was generated. The sole exception is when the protest concerns an administrative malfunction.
- D. In case of an administrative malfunction during a bout in progress, the Coach can notify the Tatami Manager directly. In turn, the Tatami Manager will notify the Referee.
- E. Any protest concerning application of the rules must not necessarily impede the progression of the competition and the intent to protest must be announced by the Coach immediately after the end of the bout.
- F. Once a protest is made, any subsequent bouts that might involve either of the competitors must be postponed until the appeal is decided. Other bouts in the round, or the next round, that will not be affected by the outcome of the protest, may continue.
- G. The Coach will request the official protest form from the Tatami Manager and will be expected to have it completed, signed, and delivered to the Tatami Manager within **5 minutes** after announcing the intent to protest. The protest fee of **\$350 (USD cash)** must be submitted to the Tatami Manager at this time.

- H. Failure of a Coach to deliver a protest in a timely manner can lead to its rejection if such delay, in the opinion of the Appeals Jury, is without reasonable justification and impedes the progression of the competition.
- I. The protest must list the name, state and country of the competitors and the precise details of what is being protested. No general claims about overall standards will be accepted as a legitimate protest. The burden of proving the validity of the protest lies with the complainant.
- J. The Tatami Manager will complete any information regarding implicated officials. The Tatami will then immediately turn the protest form and the Protest Fee over to a representative of the Appeals Jury.
- K. The Appeals Jury will, without delay, review the circumstances leading to the protested decision and will study the evidence available in support of the protest. Having considered all the facts available, they will produce a report and shall be empowered to take appropriate action to address the situation.
- L. The decision of the Appeals Jury is final and may only be overruled by a unanimous decision of the three Referee Committee Chairpersons, the Chairperson of the Board of Directors and the USA Karate CEO.
- M. The Appeals Jury may not impose sanctions or penalties. Their function is to pass judgment on the merit of the protest and to submit their report to the Referee Committees for any remedial action that may be necessary to rectify any Refereeing procedure found to contravene the rules.

2. Composition of the Appeals Jury:

- A. The Referee Operations Committee will assign three senior Officials as members of Appeals Jury for all USA Karate Signature Events. No two members may be appointed from the same state or karate organization.
- B. The Referee Operations Committee should also appoint three additional members with designated numbering from 1 to 3 that automatically will replace any of the originally appointed Appeals Jury members in a conflict-of-interest situation where the jury member is of the same, state, sports organization, karate organization or has a family relationship by blood or marriage with any of the parties involved in the protested incident.

3. Appeals Evaluation Process:

- A. It is the responsibility of the Tatami Manager receiving the protest to gather the Appeals Jury and deposit the protest sum with the USA Karate Operations Chairperson for any declined protest.
- B. The Appeals Jury will immediately make such inquiries and investigations, as they consider necessary to validate the merit of the protest.
- C. Each of the three members is obliged to give his/her verdict as to the validity of the protest. Abstentions are not acceptable.

4. **Declined and Accepted Protests**

- A. If a protest is found invalid, the Appeals Jury will appoint one of its members to verbally notify the protester that the protest has been declined, mark the original document with the word “**DECLINED**”, have it signed by each of the members of the Appeals Jury, and inform the protester of the decision.
- B. If a protest is accepted, the Appeals Jury will confer with the Referee Operations Committee and Chief Referee to take such measures as can be practically carried out to remedy the situation including the possibilities of:
 - C. Reversing previous judgments that contravene the rules.
 - D. Voiding results of the affected rounds from the point before the incident.
 - E. Redoing such bouts that have been affected by the incident.
 - F. Issuing a recommendation to the Referee Certification Committee for any involved Judges evaluated for sanction.
 - G. The responsibility rests with the Appeals Jury to exercise restraint and sound judgment in taking actions that will disturb the program of the event in any significant manner. Reversing the process of the eliminations is a last option to secure a fair outcome.
- H. If the protest is accepted, the Appeals Jury will appoint one of its members who will verbally notify the protester that the protest has been accepted, mark the original document with the word “**ACCEPTED**”, and have it signed by each of the members of the Appeals Jury, before depositing the protest with the Chief Referee, and returning the Protest Fee to the protester.

5. **Incident report**

- A. After handling the incident in the above prescribed manner, the Appeals Jury will meet again and elaborate a simple protest incident report, describing their findings and state their reason(s) for accepting or rejecting the protest.
- B. The report should be signed by all three members of the Appeals Jury and submitted to the Chief Referee and the Referee Operations Committee Chairperson.

In a matrix, or “Round-robin” competition, a round allows all competitors in a group one performance against each of the other competitors.
3. **Competition Formats**
 - A. Kata competition takes the form of team and individual bouts. Team matches consist of competition between three person teams. The team composition is defined by the categories established for the event and are not limited to all participants being the same gender.

- B. The individual Kata competition consists of individual performance in separate male and female divisions.

- C. Judge 1 shall blow a further short blast on the whistle, whereupon the flags shall be lowered.
- D. The decision shall be for **AKA** or **AO**. No ties are permitted. The competitor who receives the majority of votes shall be declared the winner by the caller/announcer.
