

How to use the Meet Entry System for the C Championships

Start at <https://usars.skate-well.org/> and select your region and then your club from the list

Next, you'll need a login.

To get one send email to coach@skate-well.org with your name and club and we'll set you up.

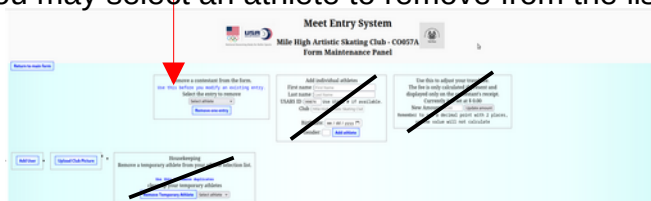

Once you have a login your club page will appear.

1. Near the top center under the club name is a button labeled 'View complete form'. Click on it to print out your full list to use as your scratch sheet.

2. The center portion contains qualified entrant names. Clicking a name will produce a printable individual entry receipt for that athlete.

3. Removing a contestant is done by clicking on 'Form Maintenance'. A new panel will appear where you may select an athlete to remove from the list.

Here you can assign yourself a new password, or upload a club logo. Note that some functions may be disabled or may not appear on your screen.

4. To complete your entries, get signatures on all the individual forms and on the master club list.

Scan them and submit them all to:

USA Roller Sports via their Jot Form portal at:
<https://pci.jotform.com/form/261345453481154>
