

# USA FENCING MAAPP EMERGENCY EXCEPTION FORM

USA Fencing's Minor Athlete Abuse Prevention Policy ([MAAPP](#)) prohibits private one-on-one interaction between minor athletes and Adult Participants. The MAAPP, however, does account for exceptions during emergency situations.

This exception applies to situations where an Adult Participant must violate the requirement(s) of the MAAPP due to an emergency. Adult Participants must carefully consider whether specific circumstances meet the threshold of "emergency". Adult Participants should document emergency situations using this form and maintain in their own records.
