Dear USA Judo Nominating and Governance Committee:

I am honored to be nominated to join your board as an independent director to assist USA Judo in growing awareness and participation in judo in the United States of America. I look forward to forging the way to LA 2028.

Although I am not a judo athlete, I have thirty years of legal, business and real world experience that will be useful to USA Judo. In the event I am selected to sit on the board I firmly believe my outside perspective will be an asset and my skill set will be well suited to be a board member. As a seasoned litigator in federal and state courts throughout the United States, I have excellent communication skills and I pride myself on being a good listener while keeping an open mind. One of my strengths is the ability to spot issues before they arise and to consider the long-term consequences of executive decisions. I would represent the board in a professional, transparent manner and put the interests of USA Judo first.

Throughout my career I have worked collaboratively and successfully with professionals throughout the United States and internationally as my profession and business ventures have taken me throughout the world. I can leverage those relationships for USA Judo in support of its continued development and fund raising.

Thank you for your consideration. I am honored to be considered for this amazing opportunity.

Very truly yours,

*Gennaro Cariglio Jr.*
