Notes to Financial Statements
For the Year Ended August 31, 2022

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

United States of America Wrestling Association d/b/a USA Wrestling (the Association) is the national governing body for the sport of wrestling, making it responsible for the promotion and development of its members in the United States.

The Association qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and, accordingly, is not subject to federal income tax. The Association is not a private foundation.

Prior-Year Comparisons

financial statements include certain prior year summarized comparative information in total but not by net asset or functional expense class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted States of the United America. Accordingly, information should be readin conjunction with Association's financial statements for the year ended August 31, 2021, from which the summarized information was derived.

Certain amounts have been restated to conform to the current year presentation.

Cash and Cash Equivalents

Cash and cash equivalents consist of the Association's checking and money market accounts. Balances in business accounts are federally insured up to \$250,000. The financial institution has collateralized the Association's sweep accounts by pledging 102% of the balances on deposit with securities backed by agencies of the federal government, as required by current law. In the event of a bank failure, the Association might only be able to recover the amounts insured and collateralized.

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Accounts Receivable

Accounts receivable recorded by the Association include amounts from contracts with customers, contributions, grants, and other amounts.

Net receivables from contracts with customers at the beginning and end of the period were \$423,858 and \$188,814, respectively.

The Association has recorded accounts receivable at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. An allowance for doubtful accounts of \$350 and \$1,265 was recorded at August 31, 2022 and 2021, respectively.

<u>Inventory</u>

Inventory is stated at the lower of cost (first-in, first out method) or net realizable value and consists of apparel.

Depreciation

Furniture and equipment are recorded at cost. The Association capitalizes all assets that have an original cost or fair market value of \$1,000 or greater. Depreciation is recorded using the straight-line method over the estimated useful lives for each asset as follows:

		<u>Years</u>
Furniture Building	and equipment	3-7 40

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Deferred Revenue

Deferred revenue, a contract liability, recognized by the Association represents amounts from contracts with customers. This revenue is deferred as of year-end because the performance obligations relating to this revenue have not yet been completed by the entity. Deferred revenue from contracts with customers at the beginning and end of the period was \$645,872 and \$772,668, respectively.

Contributions

Gifts of cash and other assets are reported as restricted support if they are received with donor stipulations that limit the use of donated assets. When a restriction expires, that is, when a stipulated time restriction ends, or a purpose restriction is accomplished, net assets with donor restrictions - temporary in nature are reclassified to net assets without donor restrictions and reported in the statement of activities as satisfied program restrictions.

Contributions include United States Olympic & Paralympic Committee (USOPC) grants and Small Business Administration (SBA) Paycheck Protection Program (PPP) grants.

In-kind Donations

During the year ended August 31, 2022, the Association adopted Accounting Standards Update (ASU) 2020-07, Not-For-Profit Entities (Topic 958): Presentation and Disclosures by Not-For-Profit Entities for Contributed Nonfinancial Assets.

The Association may record various types of in-kind contributions when received. Contributed services are recognized if the services received create or enhance long-lived assets or require specialized skills, are provided by individuals processing those skills, and would typically need to be purchased if not provided by donation. Contributions of tangible assets are recognized at fair value when received.

The Association's policy related to gifts-in-kind is to utilize the assets given to carry out the mission of USA Wrestling. If an asset is provided that does not allow the Association to utilize it in its normal course of business, the asset will be sold at its fair market value as determined by appraisal or specialist.

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

In-kind Donations - continued

The Association received the following gifts-in-kind during the years ended August 31, 2022 and 2021:

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent liabilities, and the reported amounts of revenues and expenses. Actual results could differ from those estimates.

Date of Management's Review

In preparing the financial statements, the Association has evaluated events and transactions for potential recognition or disclosure through January 13, 2023, the date that the financial statements were available to be issued.

B. LIQUIDITY AND AVAILABILITY OF RESOURCES

The Association has grant and contract funding commitments, plus anticipated membership revenue available to meet most expenses. The Association seeks donations and other contributions to cover other general expenditures.

The Association regularly monitors liquidity necessary to meet its operating needs and other contractual commitments and strives to balance anticipated needs while maximizing the investment of its available funds for the best return on the investment while protecting the safety of the Association's assets. The Association has cash and cash equivalents and accounts receivable available as current sources of liquidity.

The Association's short-term investments could be liquidated if they were needed to meet obligations for general expenditures, less the portion of the short-term investments that have donor restrictions, or that are without donor restrictions but are Board designated. Board designated funds may be utilized, if necessary, with the approval of two-thirds of the Board Members required for the release of the designation.

B. LIQUIDITY AND AVAILABILITY OF RESOURCES - Continued

The table below presents financial assets available for general expenditures within one year at August 31:

C. FAIR VALUE MEASUREMENTS

The Association applies Generally Accepted Accounting Principles (GAAP) for fair value measurements of financial assets that are recognized or disclosed at fair value in the financial statements on a recurring basis. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Association has the ability to access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

C. FAIR VALUE MEASUREMENTS - Continued

• Level 3 inputs are unobservable inputs for the asset or liability.

The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The following tables present assets that are measured at fair value on a recurring basis at August 31:

Investments in equity securities fluctuate in value in response to many factors, such as the activities and condition financial of individual companies, business and industry market conditions, and the state or perceived direction of the economy. The values of debt securities fluctuate in response to changing interest rates, credit worthiness of issuers, and overall economic policies impact market conditions. In April 2020, the Association received a \$630,000 loan from ANB Bank through the first round of the Small Business Administration's Paycheck Protection Program (PPP). portion or all of the loan may be forgiven by the Small Business Administration if certain payroll criteria are met and funds are used for payroll, rent, mortgage interest, or addition, criteria related to utilities. In emplovee retention affects the amount eligible for forgiveness. August 31, 2020 \$630,000 was included in notes payable. During the year ended August 31, 2021, the Association met the required criteria for forgiveness and recognized the total loan as grant revenue without donor restrictions in the accompanying statement of activities.

The Association may be eligible to claim the Employee Retention Credit (ERC) enacted by The Coronavirus Aid, Relief, and Economic Security (CARES) Act which became law on March 27, 2020. The eligibility for the credit is based on defined thresholds for significant declines in gross receipts over the previous year's quarter or certain government restrictions imposed on the Association along with wages and employee retention. Wages used to satisfy the forgiveness requirement for the PPP loan are not eligible for the ERC.

As of the date of the audit report, the Association is continuing its analysis of eligibility and amount of potential credit. As of August 31, 2022, the Association is not able to reasonably estimate the possible credit and therefore has not accrued any grant receivable as of August 31, 2022.

M. CONTINGENCIES AND UNCERTAINTIES

The outbreak of a novel strain of coronavirus (COVID-19) has been recognized as a pandemic by the World Health Organization, and the COVID-19 outbreak has become increasingly widespread in the United States. The COVID-19 outbreak has had a notable impact on general economic conditions, including but not limited to the decline in global financial markets, temporary closures of many businesses, suspension or cancelation of events, "shelter in place" and other governmental regulations, and job losses. The extent to which the COVID-19 outbreak will affect the operations, collections, or financial results of the Association is uncertain.

With the rising cost of inflation and potential recession, it is uncertain what affect these factors may have on operations of the Association in the coming year.

Occasionally, in the normal course of business, the Association may be named defendant in a lawsuit or other form of legal action. In the opinion of management, any pending or threatened claims against the Association are either without merit or will not exceed insurance limits. A reserve for insurance deductibles for potential claims has been recorded.
