

This policy sets Direct Athlete Support (DAS) and Elite Athlete Health Insurance (EAHI) for the July 1, 2023 through June 30, 2024 period. Tier criteria and Stipend levels will be reset each year through mutual agreement by USABS and the USOPC.

2023/2024 USABS Direct Athlete Support (DAS) Policy

DAS is granted to athletes with proven success in Olympic Games, World Championships, or who have potential to medal in these events. DAS will only be provided to athletes with the intention of helping offset training and competition expenses as they train for the upcoming Olympic Games. The policy outlined below looks to meet that intention with a basis on both past performance (Olympic Games/World Championship and World Cup results) as well as current status within the Bobsled/Skeleton Athlete Progression Pathway.

Athletes may be eligible to receive EAHI and/or a base stipend if they:

- Are a USABS member in good standing.
- Have signed and are abiding by the USABS Code of Conduct.
- Intend to compete for the USABS for the full 2023/2024 season.

Additional expectations are included in the USABS Athlete Handbook.

EAHI

EAHI will be awarded to athletes that qualify for Tier 1 or Tier 2 stipend starting July 1, 2023 through June 30, 2024. Athletes that do not qualify for Tier 1 or Tier 2 stipend that were awarded EAHI up to July 1, 2023 will continue to be eligible until the naming of the 2023/2024 National team/Development Team. Athletes that qualify for Tier 3 stipend at the naming of the National Team/Development Team will be awarded EAHI through June 30, 2024.

Athletes who qualify for Tier 3 stipend at a later date during the 2023/2024 season will not be awarded EAHI.

Base Stipend

Athletes who qualify for Tier 1 or Tier 2 (described below) based on the results of 2022/2023 World Cup or World Championships competitions will receive the corresponding funding listed from July 1, 2023 to June 30, 2024.

Athletes who were on Tier 1 or Tier 2 for the 2022/2023 season but failed to qualify for Tier 1 or Tier 2 for the 2023/2024 season will qualify for Tier 3 starting July 1, 2023 (with the step-down additional stipend) until the naming of the National Team/Development Team.

All Athletes who ended the 2022/2023 season as qualified for Tier 3 (described below) will receive the corresponding funding listed below from July, 2023 until the naming of the 2023/2024 National Team/Development Team. Tier 3 status will then be reviewed at the naming of the National Team/Development Team. Athletes who then qualify for Tier 3 at the naming of the National Team/Development Team will receive their stipend from then through June 30, 2024 or until they fail to meet the Tier 3 criteria.

The National Team and Development Team is defined by the [Skeleton Athlete Progression Pathway \(SAPP\)](#) or the [Bobsled Athlete Progression Pathway \(BAPP\)](#). World Cup, Europa Cup, and North America Cup status do not explicitly define National Team or Development Team status. While the 2023/2024

Selection Races are held primarily to determine World Cup, Europa Cup, and North America Cup racing quotas, according to the SAPP/BAPP, the pre-season competition and sliding is an opportunity for assessment for progression in the SAPP/BAPP.

If, at any time during the season, an athlete is promoted to the National Team or Development Team through the SAPP/BAPP, that athlete will begin receiving a Tier 3 stipend the following month.

The amount received is dependent on qualification to the tiers described below. Athletes will only receive the highest level of support for which they qualify.

	Distribution Period	Criteria
Tier 1: \$2,250 / month	<i>July 1, 2023 – June 30, 2024</i>	<ul style="list-style-type: none"> • Medalist (top 3) at the 2023 World Championships in an Olympic event, or • Achieved 4 x top 3 World Cup finishes in one discipline in an Olympic event from the previous (2022/2023) season
Tier 2: \$1,200 / month	<i>July 1, 2023 – June 30, 2024</i>	<ul style="list-style-type: none"> • Achieved a top 6 finish at 2023 World Championships in an Olympic event, or • Achieved 4 x top 6 World Cup finishes in one discipline in an Olympic event from the previous (2022/2023) season
Tier 3: \$700 / month	<i>July 1, 2023 – Naming of National Team/Development Team</i>	<ul style="list-style-type: none"> • Finished the 2022/2023 season earning Tier 3 stipend, or • 2022/2023 Tier 1 or Tier 2 Athlete that did not qualify for Tier 1 or Tier 2 for the 2023/2024 season, or • Achieved 2 x top 6 World Cup finishes in one discipline in an Olympic event from the previous (2022/2023) season
	<i>Naming of National Team/Development Team – June 30, 2024</i>	<ul style="list-style-type: none"> • 2023/2024 National Team member, or • 2023/2024 Athlete in Development Phase 2 (SAPP/BAPP)

Additional Stipend

1. Athletes who were receiving a Tier 1 or Tier 2 stipend during the 2022/2023 season but have dropped to a lower tier will receive an additional 50% of their new stipend (i.e., Tier 2 will be \$1800/month and Tier 3 will be \$1050/month).*
2. Athletes that have been on the National Team continuously for more than four consecutive years will be eligible to receive an additional \$250/month (i.e., Tier 1 will be \$2500/month, Tier 2 will be \$1450/month, Tier 3 will be \$950/month).*

*Note that, of the two possible additional stipends from above, an athlete can only receive one additional stipend.

3. Athletes receiving Tier 3 stipend or no DAS that were a part of at least two (2) top three ranked pushes/starts in the same discipline at the 2024 World Championships in an Olympic event will receive an additional \$250/month for March – June.

Maternity Leave

An athlete that becomes pregnant while receiving a stipend and/or EAHI that intends to return to compete is able to receive support through the USOPC Athlete Pregnancy Support and Resources policy.

Time missed from competing due to maternity leave will not be considered when awarding Additional Stipends 1 and 2.

Medical Hardship

An athlete, having already been named to a stipend tier, that is currently receiving a stipend who must forego a team selection competition (Selection Races or Push Championships) or IBSF competitions for at least a month due to an injury sustained while training or competing will continue to receive their current stipend and current EAHI benefits through June 30, 2024. The athlete must complete a Medical Waiver form signed by the USABS Chief Medical Officer indicating that the injury and subsequent rehabilitation prohibits the athlete from competing. The athlete must provide updates with anticipated timeline for return to the Director of Sport Performance, Chief Medical Officer, and/or head coach when requested.
