

USS

QUALIFYING TABLES

ALL FINALS – NO ELIMINATION PROGRESSIONS

SEASON 2023-2024

Updated- 11/2023

General Information

The tables are set up as a no elimination progression. The objective of this progression format is to qualify all skaters to compete in each subsequent qualifying round(s) and final round. The number of qualifying rounds and levels per round depends on the number of skaters per racing division.

Any edits to the tables, if required, shall be published at least 5 days in advance of the competition. The most current date noted on the title page shall supersede any earlier dated tables. In case of discrepancy or needed clarification, the USS Technical Representative, Competitor Steward and Referee may discuss and clarify the case as needed.

Table Format

The number of skaters per racing division is identified in the far-left column of each table. Each row will prescribe the scheduled number of skaters in each qualifying round and the number of races in each round. Each round level is separated by an accent bar |. The abbreviations for the rounds are described in the legend below.

LEGEND: H-HEAT Q-QUARTER QA- QUARTER A QB- QUARTER B S-SEMI SA- SEMI A SB- SEMI B SC-SEMI C SD-SEMI D F-FINALS
--

Each qualifying round will indicate the number to qualify to the next round + () number of extras as needed. The example below has 25 skaters in the racing division. They will have 5 quarter final races x 2 (1st and 2nd place in each race) will qualify for 10 skaters to >2 Semi A races. Remaining 15 to > 3 Semi B races. Semi A will populate finals A & B and Semi B will populate finals C, D & E.

25	5Q x 2	10> 2SA x 2+(1)	15> 3SB x 1+(2)	5F> 5,5	5,5,5
----	--------	-----------------	-----------------	---------	-------

Note: + () are the maximum number of skaters that can qualify by fastest place pending the number of ADV made by the Referee.

Note: Regardless of the number of direct qualifiers noted in the qualification tables; in all situations, skaters that were in positions 1st and 2nd at the time they were infringed upon during a race are eligible for Advancement. This is new language accepted by the ISU and was changed to provide consistency.

Table of Contents

5 skaters in the final races, maximum of 6 in qualifying rounds and lowest final-----	3
7 skaters in the final races, maximum of 8 in qualifying rounds and lowest final-----	4
