

ARE YOU INTERESTED?

I want you to know about jobs within the Olympic movement and the sport of wrestling. Contact me to talk about fields that interest you.

I want to connect you to professionals currently working at USA Wrestling, the USOPC and the USOPTC.

You can ask questions, talk through educational and career choices, and gain a better understanding of these jobs.

Depending on your chosen field, you may also have the opportunity to job shadow someone in the field to experience the day-to-day, gain behind-the-scenes perspectives and to ask questions that only come from first-hand experience.
