

# 2025 AMBASSADOR PROGRAM

**USA TRIATHLON FOUNDATION**

## INTRODUCTION

We invite you to apply to join a nationwide community of Foundation Ambassadors who are committed to both fundraising and advocacy for USA Triathlon, the sport, and our multisport communities. The USA Triathlon Foundation Ambassador Team was founded in 2018 and is made up of athletes across the country of all skill and experience levels. By creating and cultivating a culture of philanthropy, we aim to enhance opportunities for ambassadors to connect with each other, network, and give back to the sport they love – unlocking benefits and prizes as you raise funds throughout the year toward our Ambassador Program goal.

## REQUIREMENTS

1. Must be an active USA Triathlon annual member.
2. Must adhere to the USA Triathlon rules and regulations and represent the foundation in a positive manner.
3. Be active and share the mission of the Foundation Ambassador team in your community by attending local races as a USA Triathlon Foundation Ambassador.
4. Assist the Foundation/USA Triathlon with promoting/sharing its annual campaigns, including, but not limited to:
  - National Triathlon Week
  - USA Triathlon Foundation's year-end giving campaign
  - Other Foundation fundraising campaigns throughout the year
5. Commitment to sharing what they've done throughout the year, including photos, videos, and info about their efforts in their local communities, as this will allow the Foundation to share across its channels and with any donors and partners who are involved to show them their dollars are making an impact.
6. \$250 Membership Gift to receive a USA Triathlon Foundation Ambassador Kit, USA Triathlon Foundation Ambassador t-shirt, bag tag, stickers and fundraising materials and collateral.
  - If you were a 2024 ambassador and do not want a new triathlon kit, you can choose a cycling kit or have credit towards the Foundation store.
7. Commitment to Fundraising. Ambassadors must commit to fundraising \$1,000 in a calendar year to support the USAT Foundation.
