2025 Budget Spending Strategy:

- **Review of survey from membership on spending items:**
 - Only 53 responses
 - Not representative of our WSO constituents in its entirety, mostly masters.
 - We should consider responses but also use our common sense, experience and expertise as a committee to guide spending strategies.
- **Defined two buckets of interest 1 = DE&I initiatives 2 = growing membership.**
 - Mira, ASAP, to draft a document for all committee to weigh in on with the goal of having a budget deck for review with USAW November 17th.

Review of Financials:

2024 PNW WSO Event Tear Down:

- Looking for a committee member to volunteer to build a google survey that can be exported into excel or csv with the following suggested questions:
 - Overall venue satisfaction? Parking, cleanliness, facilities, hotel accommodation etc Comments?
 - Did you feel the event ran on time? Comments?
 - Were details of the event communicated effectively? Comments?
 - Was the overall presentation of the event acceptable and professional? Comments?
 - Was there enough equipment to meet your needs?
 - Overall general logistics? Comments? Suggestions?
 - What could we have done better?

2025 WSO Championships X DOP Strength:

- DOP Strength is associated with USPA and USAPL organizations. Agreed we can only co-host an event IF he is hosting a USAPL event not USPA due to known non drug tested concerns of this organization and clean sport.

Todd Lyons:

- Agreed Lauren to email JP of USAW and explain to him what Todd Lyons has admitted to as far as owing PNW WSO money for non delivered items of a 20KG bar and 1kg change plates. Is it some sort of misconduct or USAW violation?
