Frequently Asked Questions

Q: Can I arrive late or leave the event early?

A: Athletes and coaches must commit to attending the entire length of the event (travel days and competition days). This is the case for funded and self-funded athletes and coaches.

Q: How will I be notified of Team Selection after Nationals? And how long do I have to decide if I will attend the events that I am qualified for?

A: You will be notified with an official invitation to the events that you qualified for via email shortly after the National Championships end. You will have 24 hours to respond. If the High Performance Department does not receive a response or a request for an extension within 24 hours, you will forfeit your spot and the next person in line will be invited.

Q: I did not complete my USOPC Games Registration for the Junior Pan American Games. Can I still be selected for the team?

A: No. All athletes and staff who may be selected for the Asuncion 2025 Junior Pan American Games were required to complete their Games registration with the USOPC by March 7, 2025. This was a mandatory eligibility step, and individuals who did not complete the registration by the deadline are not eligible for selection to the final Team USA delegation. If you were sent the registration link and did not complete it, you are unfortunately ineligible. If you believe you were eligible but did not receive the registration request, please contact USA Diving immediately. While we cannot guarantee changes after the deadline, we will review any potential oversights.

Q: If I am self-funding, can I arrange to stay at a different hotel than the rest of the team?

A: Although an athlete or coach may be self-funding to attend the event, all team members are required to stay at the team hotel and eat the provided meals.

Q: I was selected for a self-funded opportunity. How will I pay for the meet expenses?

A: All flights for self-funded athletes and coaches must be booked through JTeam Travel Agency, in coordination with USA Diving's High Performance staff. Booking through JTeam ensures that all participants arrive and depart on similar schedules, which supports team logistics. Participants will pay for their flights directly with JTeam by using a credit card. All travel must be booked into and out of the airport as designated by the event organizing committee. Event-related expenses such as lodging, meals, and local transportation will be covered upfront by USA Diving. Following the event, participants (athletes & coaches) will receive an invoice for the incurred costs.

Q: Can I attend all of the events?

A: It will NOT be possible to attend both the World University Games and World Aquatics Championships. If a diver or coach qualifies to both, they may attend only one of those two events.

Q: I was invited to the World University Games in a synchro event, but my partner also received an invitation to the World Aquatics Championships in another event. If my partner chooses to go to the World Championships, can I still go to WUGs?

A: Synchro partners must accept or decline the World University Games invitation as a team. If one partner is not available, the invitation will go to the next team in line. If all eligible teams are asked and no team accepts, the original team/person who is available will be offered the spot again, and the High Performance Director will assist in finding them a different partner.

Q: Will I receive USA apparel if I am a team member on one of these teams?

A: Team members and coaches will receive team apparel. The apparel kit that is provided may be different depending on what event you attend. Team members who attend multiple AQUA Recognized Events will not receive multiple apparel kits.
