## PETRA SÖRLING

ITTF PRESIDENT

IOC MEMBER

Dear friends from the Americas,

It is a pleasure to welcome everyone to the ITTF Pan American Cup 2026 in San Francisco. With strong representation from across the region, this event is a powerful display of the strength and continued growth of table tennis in the Americas.

The Pan American Cup brings together the region's finest players in a high-level competition where continental pride, world ranking points, and qualification for the ITTF World Cup in Macao are all at stake.

For many, this represents a rare and career-defining opportunity to compete at the very highest level, and I am confident that the matches ahead will be both thrilling and inspiring.

The Americas region has never been stronger. Hugo Calderano's historic triumph at the ITTF Men's World Cup last year, becoming the first Brazilian and Pan American player ever to claim the title and the first non-Chinese winner of a major men's singles event since 2017. The shared successes of US stars Lily Zhang and Kanak Jha, Brazil's Bruna Takahashi, and Puerto Rico's Adriana Diaz demonstrate the rising standard of table tennis in the region and the increasing global impact of Pan American athletes. Their achievements serve as a powerful example for the next generation of players across the Americas.

We are delighted to return to the 888 Table Tennis Center, which hosted last year's event so successfully. This modern, purpose-built facility provides an outstanding environment for elite competition and development, serving both as a National Training Center and an ITTF Americas High Performance Center. With the continued support of ITTF Americas and USA Table Tennis, this year's Pan American Cup promises to showcase not only the region's talent and dedication, but also its passion for the sport.

As 2026 unfolds, we also celebrate 100 years of table tennis. This centenary milestone is not only about the ITTF as a federation, but it also belongs to all who give life to the sport: the players, coaches, officials and volunteers who make events like yours possible, and the fans and families who sustain the spirit of table tennis across generations. From its earliest beginnings to the present day, our sport has thrived because communities everywhere have embraced its values of inclusivity, respect, and friendship. The Pan American Cup 2026 is another proud chapter in this shared story, reflecting the remarkable growth and excellence of table tennis in the Americas.

I warmly commend ITTF Americas and the host association, USA Table Tennis, for their dedication in preparing this year's Pan American Cup. To all players, I wish the very best. May you compete with courage, respect and inspire the next generation of Pan American athletes with your performances. The ITTF Pan American Cup 2026 sets the tone for an exciting and inspiring year of table tennis. I hope everyone enjoys the event and the opportunity to celebrate together this centenary milestone for our sport.
