b. AAC Involvement

- i. The AAC must respond to the NCS within 15 days with their decision.
- ii. If the AAC does not approve an athlete, they will:
 - 1. document the reason why they are turning down any athlete; and
 - 2. make a request of the NCS for information defending their nomination of the athlete(s) in question.

- a. The DOS will provide the AAC with additional information justifying the selection and will do so within 15 days after hearing back from the AAC.
3. If the AAC still does not approve an athlete, the NCS will repeat their selection process until the AAC grants final approval or the NCS believes that it is no longer practical to field a Team.

c. Team Approval

- i. Upon receiving AAC approval, the Kumite Team will be seated.
 1. The NCS will be notified immediately, and the DOS or designee will inform the team members immediately that they have been seated.

 - b. The NCS will then recommend another athlete from the Athlete Pool and the approval process noted in V-a through V-c above will be utilized.
 3. If the AAC does not agree with the recommendation to remove the athlete, the Kumite Head Coach and the AAC Chair will take the matter to the DOS for final resolution of the matter.
- iii. In the event of an emergent situation such as, an athlete is injured, becomes ill or is otherwise unable to compete on the team once the team has arrived in-country, the NCS shall have the right to make substitutions without AAC concurrence. The Head Kumite Coach, in consultation with NCS staff in-country, will make necessary substitutions to field the best possible team. The Head Coach will notify the DOS and AAC Chair as soon as practical at the conclusion of competition. The decision, with justification, will also be noted in the Head Kumite Coach's after-action report and made available to the AAC.
- iv. The NCS shall have the discretion to make substitutions to the team kumite roster without AAC concurrence, based on performance or behavior while the team is in-country. Should the Head Kumite Coach believe an athlete's performance while in- country will negatively impact the results of the team kumite, the Head Kumite Coach, in consultation with the NCS, will notify the DOS and Head of Delegation (or President) of their desire to make a substitution. With the approval of the DOS and Head of Delegation (or President), the Head Kumite Coach will make the substitution on the team roster. The Head Kumite Coach will notify the AAC Chair as soon as practical and document the decision and substitution in the after-action report.
 1. This discretion shall apply to behavior issues as well. Should the Head Kumite Coach believe an athlete's behavior while in-country will negatively impact the team kumite or places the USA Team in a negative light, the Head Kumite Coach may make a substitution following the above process and documenting the decision.
