

USA Paratriathlon Resident Team EDTP (Elite Development Training Partner)

Purpose: USA Triathlon seeks to congruently maximize the performance of medal capable visually impaired paratriathletes training within the resident team program located in Colorado Springs, CO in parallel to offering sub elite able body athletes an opportunity to develop in a daily training environment in pursuit of their own multisport goals. This will be a 12mon position subject to performance reviews with an option to renew.

Responsibilities: The EDTP is expected to dutifully fulfill, but not limited to, the following responsibilities:

- Be available for 4 (TBD) training sessions/wk for VI athlete(s). These sessions prioritize the needs and specifics of the VI athlete's session and EDTP is expected to have the capacity to achieve desired outcomes of each session.
- EDTP will be expected to provide VI athletes transportation to sessions from the OPTC.
- EDTP will work to integrate into the team culture and personality.

Incentives:

- EDTP will have resident athlete status allowing access to USOPTC facilities and staff as well as room and board at the OPTC.
- EDTP has opportunity to continue their training and performance goals
 - o EDTP is permitted to race WT races (if not acting as a race day paratriathlon guide) as approved by USAT HP to ensure it does not negatively impact the needs of the resident team athlete(s).
 - o EDTP is permitted to race non-WT racing as approved by USAT HP.
- EDTP may have option to be coached by resident coach.

Qualifications:

- EDTP must have a team centered and collaborative mindset, understanding that at times they will need to make sacrifices to their own training or goals to serve the purpose of this role.
- EDTP must meet a threshold of athletic competence (Criteria TBD by USAT HP).
- EDTP has demonstrated significant bike handling skills/capacity.
- EDTP must be in good standing with USAT.

- EDTP must be current with safe sport and background checks.
- EDTP must have a valid drivers license.
- EDTP must have demonstrated an ability to train consistently without significant or preventable injury or illness.
