

IA/NE WSO Meeting 4/13/25

- Meeting called to open at 6:32pm
- Meeting attendees include: Alfred G, Tony S, Colin R, Gracy J, and Beau B.
- Unfortunate news was brought to us. The zoo is not able to cut us the same deal as we did last year. Tony is working to get the deal back, but we need to start brainstorming other ideas.
- Tony did get in contact with the SAC museum and is planning an in person meeting soon. Their main worry is the noise.
- The highlight for this month will be to recognize the lifters that competed at Masters nationals.
- We would like to start doing a monthly spotlight at the start of every month to update the community on any events happening in our WSO.
- The record list was brought up and we are ready to go. We just need to update it with the more recent results. Shout out to Mitch for doing that.
- We started a conversation about setting a new standard for the records in the new weight classes. Colin and Beau are going to go through the old records and propose new standards at the next meeting.
- Meeting called to close at 6:52pm
