

**COACHES BOARD REPORT  
2022-2023 SEASON**

Due to the hard work of Shari Darst and others that have assisted her, this has been a very busy, extremely challenging and successful year! Our Education Director, Shari Darst, has done an amazing job helping coaches and judges learn and prepare for all the rule changes and new judging/controller requirements. Below are the many accomplishments for the 2022-2023 season.

### **Coach Development Video Library**

The Development Library launched in June. Monica Velazquez-Stiak has been instrumental in the development and content of the site. We will continue to add new content throughout the year for coaches, athletes and judges.

### **Coach to Coach Program**

There was no Coach-to-Coach Program run in 2022-2023. Although this was a great opportunity for club coaches to learn from some of our top coaches, there was very little participation.

### **Grades for 2023**

In January 2023, Shari updated the Online courses, Grade Level Manual and Assessor Tests to correspond to new figures and elements.

### **Judge Updates & Testing**

Shari organized updates in 17 locations which were led by 12 very busy clinicians! In addition, she organized and conducted webinars for new Levels 1F, 1, 2F and 2 judges.

Level 1F = 52

Level 1 = 47

Level 2F = 21

Level 2 = 18

*\*\*Shari wants to thank Eugenia Gillan, Irene Hawes, Shannon Korpela, Sheila McNabb and Krista Karowsky for their help in running these webinars.*

With the help of Linda Loehndorf and Victoria Anderson, Shari also developed online courses and study guides for the judges' tests and developed tests based on the new rules.

### **Rulebook**

There are changes in Appendix W 1.04 (Requirements, Maintenance and Expiration of CCP Certification), so be sure to review that. It is posted on the website.

Addition of DTC and STC certification information to Appendix G. Updated Appendix G is not posted yet.

We are extremely grateful to Shari Darst for all of her hard work implementing these programs and to the many Clinicians and National Team coaches that helped make these programs successful!
