PARTICIPANT LIABILITY

Incident must occur at a sanctioned event or chartered club in order for general liability coverage to apply. Provides coverage for claims against participants arising from acts for which the insured is legally liable. This does not cover athletes for claims brought against them by another athlete.

PROPERTY DAMAGE

Provides liability coverage for loss or damage to the property of others.

Coverage is subject to a \$500 deductible.

Personal effects of individuals, including jewelry and cash, are excluded.

The policy does not include full replacement; the depreciated value is the basis for claim payments.

CERTIFICATES OF INSURANCE

With an approved event sanction or club charter, you will receive a Certificate of Insurance. This proves that your club has liability coverage and states limits. Many facility owners/operators will ask for this proof as a condition of you using the facility. The owner/operator of a facility may also ask to be listed as a **Certificate Holder** on a Certificate of Insurance. This gives the owner/operator proof that you have insurance and states that they will be notified of any changes.

You can also purchase Additional Insured. **Additional Insured Entities** are extended the same coverage as the event host or chartered club. Schools, school districts, and facility owners/ operators often ask to be an Additional Insured. You can purchase an Additional Insured during the purchase process or anytime within the same membership year. The key difference between a Certificate Holder and an Additional Insured is that the Additional Insured provides extended liability coverage. A Certificate Holder is only provided proof that the event host or chartered club has liability insurance, and the Certificate Holder will be notified of any changes in coverage.

Club and event directors will be emailed with a link to their certificates once the club charter, event sanction, and/or additional insured is approved by USA Wrestling.
