

## USA Judo Promotion Recommendation Procedures

### For all Dan Ranks:

All promotion recommendations and applications for USA Judo Dan rank certificates should be processed through the applicant's State member organization's (Group B in good standing) Promotion Committee. Time-in-Grade requirements are intended as a minimum benchmark for review of a candidate. Moreover, promotion is not automatic even with time-in-grade.

### All promotion recommendations must include the following:

- Recommendation for USA Judo Dan Promotion form with appropriate signatures
- Complete history/judo resume (can submit supplements)/full competition record (with opponent ranks) if applying as active athlete "on points".
- Evidence of kata and technical demonstrations (documentation may include promotion exam, kata competition, kata and/or gokyo certification, and/or appropriate clinic/course certificates)
- Copies of previous rank certificates from USA Judo, USJA or USJF
- Copies of special awards, recognition, etc.
- Passport size photo with name on back (yodan and above)
- Appropriate fees should be remitted payable to USA Judo.
- Current USA Judo membership (**note:** for rokudan and above, applicant must have consistent membership for at least the previous four years)
- Current SafeSport certification, clean background screen and concussion certification.

For ranks sandan and lower, complete application packets submitted above will be immediately reviewed and processed by USA Judo.

For ranks yodan and higher, all fully completed application packets will be submitted to the USA Judo Promotion Committee for review and approval. Consideration for rokudan and above will only be reviewed during the in-person meetings that take place in conjunction with the USA Judo Senior National Championships and the USA Judo National President's Cup Championships.

For clubs without a State Organization, they may either make arrangements with the closest state organization or apply directly to USA Judo for consideration by the USA Judo National Promotion Board.

Rank promotion is generally only granted in step-by-step fashion. In exceptional circumstances, the USA Judo Rank and Certification committee may consider a skip. A skip promotion is almost never done and requires complete documentation in all aspects of the candidate's contributions to the development of USA Judo and records of Judo achievement. All skip fees must be paid.

For those promotions that are awarded from IJF-affiliated organizations outside of the United States, the criteria set by USA Judo will prevail.
