Attachment A

Challenge Procedure

What it is:

A “challenge” is a process where an athlete in a match or a coach representing that athlete is allowed to request that the match be stopped at the appropriate time and the jury and mat chairman review a replay of the action that they (athlete or coach) disagree with scoring made by the referee team. This process will be available at USAW events that are designated for video review.

Who is on the jury?

The jury will be comprised of 1 or 2 referees that are assigned to that bout or mat during the competition.

Who will conduct the video review?

This will be completed by the jury and the mat chairman for that designated bout.

What is the process?

1. The coach must issue a request for a challenge when they disagree with the decision of the referee team. This should be made from the coaching area on the mat. The coach is not allowed to walk into the wrestling area.
2. To request a challenge the coach must throw a colored object (challenge block) onto the mat to notify the referee team. The color of the object will correspond to the color of the athlete. The challenge block should not be thrown in an aggressive manner toward the referees or athletes. Failure to follow these guidelines could result in a yellow or red card for the coach.
3. A wrestler may also indicate his or her desire to challenge a scoring action once the athletes have come to a neutral position or there is a natural stoppage in the match by gesturing or asking the referee of their desire to challenge.
4. The mat chairman will indicate to the referee to stop the match to review the challenge as soon as the situation becomes neutral or there is no imminent scoring at that moment. Requesting a challenge does not require that a bout be immediately stopped.
5. If the wrestler disagrees with their coach’s challenge, he or she can reject the challenge by telling the referee or mat chairman they do not want to challenge, and the match will continue. If the coach requests a challenge after the athlete has rejected the challenge, the coach could receive a yellow card.
6. In the case of dispute between the referee team and coach or wrestler, the mat chairman is allowed to refuse the challenge only after the approval of the assigned jury member/s for that mat. If the size of an event is too large and not enough referees are available to act as jury members, the mat chairman will be allowed to deny a challenge as described below. The jury and/or mat chairman can refuse the challenge during the following situations:
 - a. Confirmed falls and/or situations where a fall was not confirmed by the referee team. Challenges can be requested for fouls that occurred that led to the fall.
 - b. Confirmed passivity.

- c. Challenges not made in a reasonable amount of time. Coaches must issue the challenge within a reasonable amount of time from when the scoring action occurred or when the points went onto the scoreboard. Wrestling is dynamic and this will be at the discretion of the mat chairman and jury. **IF A NATURAL STOPPAGE OCCURS IN THE MATCH AND THE CHALLENGE IS NOT OFFERED PRIOR TO RE-STARTING THE MATCH, THE CHALLENGE WILL BE DENIED.**
 - d. Challenges made after the match has ended. The only exception is when points are added to the scoreboard after the time was out or when an action occurred just before the end of the bout.
7. The video will be displayed on a big screen monitor, projector, or TV if one is available for the competition. If one is not available, the jury and mat chairman can watch the video directly on the mat side computer. Only the official video from the replay system available at the event will be utilized for review; no personal video (cell phone, tablet, etc.) or alternate video angles from any streaming service not available to the jury and mat chairman will be used during the replay process and is strictly prohibited.
 8. If there is a technical problem and video is not available, the original decision will stand, and the coach will be given back the challenge block.
 9. Each wrestler will be entitled 1 challenge per match.
 10. If after reviewing, the original decision is changed by the jury and mat chairman, whether it favors the challenging athlete or not, the athlete who challenged will be granted another challenge to be used during that match.
 11. If after review, the original decision made by the referee team is confirmed by the jury and mat chairman, that wrestler will lose the challenge and their opponent will be granted 1 point.
 12. Two challenge situations that could result in time being added back on the clock:
 - a. If a scoring action was determined to be a slip throw (“risk”) by the jury. The time will be reset to when the slip throw occurred. Any points scored after the slip occurred will be cancelled.
 - b. If a scoring action or confirmed fall was determined to be a direct result of an offensive foul by the jury, the time will be set when the foul occurred. Time will not be added back on the clock for any action determined to be a defensive foul.
 13. All decisions made by the jury and mat chairman will be final and will not be changed. Therefore, it is not possible to request a counter challenge.

Consultation Procedure

The mat chairman has ability to watch the video with referee team during a consultation without a challenge being issued. This would not include the jury. After the decision of the consultation of the referee team, the action could be challenged and be reviewed by the jury and mat chairman.

At no time can the coach request a consultation by the referee team to review the video. Using video during consultations will be at the sole discretion of the mat chairman. If the coaches want to use video review for a situation, they must use their challenge.

In the case of a serious technical mistake not seen by the referee team (examples: timekeeper mistakes, wrong points or caution published on the scoreboard, mistake in resuming the bout in parterre or in standing position, declaration of incorrect winner, etc.), the jury member/s may interfere to correct the situation by consultation with match chairman or by video review. In no case may the jury member/s interfere with the refereeing team in regard to judgement situations such as how points were scored, passivity calls or negative wrestling calls.

Protest Procedure

Protests can only be made if a clerical error was made during the bout. For example, points were added or removed, and the score was not correct. In this situation, if a mistake has been made that affected the results of the match, the bout will be re-wrestled from the beginning of the period when the score was incorrectly posted. This is the only situation that can be protested at events that operate the video review process. If the clerical error was made in the first period of a match, the entire bout will be re-wrestled.

Fleeing the Hold and 3rd Caution Procedure

For Fleeing the Hold at the end of the match that would change the potential winner or for a 3rd Caution to an individual wrestler that would lead to disqualification from the match to be granted, only the mat chairman must confirm with either the referee or judge for this to be valid. They will no longer require a unanimous agreement for these to be assessed. This will be consistent with all the other cautions given. Both situations can be reviewed if a challenge is issued.
