THIS DISCOUNT CARD PROGRAM IS NOT INSURANCE. Presenting this free to use card at a pharmacy may provide participants with discounts on prescription medications. The Program does not make payments directly to the providers of these services. The Program participant is obligated to pay for all services at point of sale but will receive discounted rates on Program services from those providers who have agreed to participate in the Program. Upon request, the Program administrator will make available a complete list of Program providers in the cardholder's service area. **This is a voluntary prescription discount program and does not replace your health coverage.**

The prices generated through the drug lookup tool are estimates only and are not guaranteed. Actual costs may vary by pharmacy, location, and timing. Prices are subject to change without notice.
