

USA Fencing Armorer's All Hands Meeting
Thursday, January 23, 2025, 8:30 PM
Agenda V1.

CALL TO ORDER – 8:30 PM

Meeting Facilitator: Kathy Walters

OPENING STATEMENT – Kathy Walters

NEW BUSINESS

1. Control Reminders:

- **No temporary tape allowed on lame or mask. Well sewn or permanently applied faraday tape/adhesive patch ok.**
- **No tape, sticker or other insulating item allowed on alligator clips.**
- **Resurgence of bikini cut lames**
- **Glove:**
 - **No loose seams or holes.**
 - **Saber Gloves: Check for FIE labels and test inside lame.**
- **Masks:**
 - **Newer Backstrap is not required.**
 - **Mask tongue needs to be close to 90 degrees. Please continue to advise fencers of this information and encourage them to change any that are not compliant. Note: We are only educating the fencer of proper fit this season.**
 - **When performing confiscation failure of a mask, please return any removable items or padding, and only mark non-removable portions of the mask.**
 - **Mask welds: Ugly vs Broken**

2. Strip Calls:

- **Remotes and Machines are being numbered. Please include those numbers on the Strip Call Log if being replaced or serviced.**
- **Please check the ground wires are properly installed and working when grounding issues are reported.**
- **When asked for a bucket check, be sure to do both the Crab gauge and the bucket portion of the test.**

ANNOUNCEMENTS

- 1) **Proposed Next meeting date: 09/04/2025 8:30 pm ET**
